Staff 8-6 Please refer to the Timbercrest' s application at page 18, "Customer Class Cost of Service Study." Please provide documentation to support insurance expenses (umbrella, general, auto, and bond coverage) of \$7,993 for water and \$8087 for sewer.

Response :

The insurance amounts referenced above represent a portion of the total insurance amounts functionalized to the utility and then allocated between water and sewer. Insurance policies go from May to April and Timbercrest financial reports run from April to March. Provided below is an account analysis for each insurance type which shows the monthly amortization and annual totals prior to functionalization and allocation. Support for the insurance payments can be found in Attachment 8-6.

First Supplemental Response:

The above amount only includes amounts directly billed to Timbercrest, and does not include any amounts for other locations.

Staff has raised an issue with one of its insurance statements because it notes that the umbrella policy covers a total of 33 locations. This is correct; however, the total amount of the

umbrella policy for all locations was \$86,649.00.
was \$3137.00. See attachment 8.6 Supp. 1.

Hi Tammy ,

Below is what our insurance agent says about the umbrella costs with 33 properties

Hi Sharon - annual premium for the excess liability policy was \$85,649. Timbercrest's premium was \$3,137 per the attached invoice.

di

the umbrella means that it covers 33 locations of which Timbercrest is one and the invoice is just charging Timbercrests share. "they are sharing the umbrella costs with 33 properties of which Timbercrest is paying their share."
