PUBLIC UTILITY COMMISSION
FILING CLERK
OF TEXAS

**ORDER NO. 14
REQUIRING CLARIFICATION**

This Order addresses the need for clarification concerning Commission Staff's recommendation on final disposition filed December 29, 2020, and the proposed notice of approval filed on January 12, 2021.

Commission Staff's recommendation and the proposed notice of approval reflect that the public water system that will serve the requested area is the Decker Prairie Rosehill public water system, Texas Commission on Environmental Quality identification number 1013703. However, proposed finding of fact 33 states, "Quadvest will build a separate facility to serve the subdivision being built by the landowner."

By February 10, 2021, Quadvest, LP must file clarification regarding whether the Decker Prairie Rosehill public water system is being constructed pursuant to this certificate of convenience and necessity amendment. If construction of a physically separate public water system is necessary, Commission Staff must, by February 17, 2021, file a supplemental recommendation addressing regionalization, consolidation, effects on adjacent utilities, if any, and whether Quadvest has complied with 16 Texas Administrative Code § 24.227(b)(3) and (4).

Signed at Austin, Texas the 3rd day of February 2021.
