**ORDER NO. 7  
REQUESTING CLARIFICATION**

This Order addresses the City of Midland’s and Commission Staff’s agreed proposed notice of approval filed on July 16, 2020. The administrative law judge has identified a discrepancy regarding the acreage on the maps and the acreage stated in Commission Staff’s final recommendation. Specifically, the total acreages depicted on the maps included in the application are 24,172 for the water service area and 24,376 for the sewer service area. However, Commission Staff’s final recommendation gives total acreages of 24,076 for the water service area and 24,279 for the sewer service area.

On or before October 30, 2020, the parties must file comments regarding the discrepancy in acreage.
