RE: Docket No. 50324 – *Application of County Line Special Utility District to Obtain a Sewer Certificate of Convenience and Necessity in Hays and Caldwell County.*

OPDM has identified the following evidentiary issue that requires explanation from the parties to facilitate the consideration of the revised proposed order filed on September 15, 2021. The revised proposed order states in finding of fact 18 that homes and business in the Uhland area that currently utilize septic systems will be connected to County Line Special Utility District's centralized wastewater system. The revised proposed order further states in finding of fact 19 that County Line SUD filed multiple requests for service in the requested area demonstrating the need for wastewater service in the requested area.

18. There are 300 homes and businesses in the Uhland area that currently utilize septic systems which will be connected to County Line SUD's centralized wastewater system.
19. County Line SUD filed multiple requests for service in the requested area demonstrating the need for wastewater service in the requested area. County Line SUD projects a total of 24,000 potential customer connections.

OPDM requests a response to confirm whether County Line SUD has received written requests for sewer service for any homes or businesses in Uhland, shown in the purple color-coded areas and identified as "Existing City of Uhland Residents" in the County Line SUD modified sewer CCN map filed on November 3, 2020.¹ If County Line SUD has received written requests for service for this specific area, please identify the record evidence reflecting the requests for service; file such evidence along with a motion to admit the additional evidence; or file a response indicating the date that County Line SUD intends to file such additional evidence and a motion to admit additional evidence. OPDM requests that the response be filed no later than 12 p.m. on Thursday, October 21, 2021.
