FROM: Stephen Journey, Commission Counsel

DATE: June 9, 2022

RE: June 16, 2022 Open Meeting – Item No. 4
Docket No. 50324 – *Application of County Line Special Utility District to Obtain a Sewer Certificate of Convenience and Necessity in Hays and Caldwell County.*

A second revised proposed order filed in the above-referenced docket is posted for consideration and action by the Commission. If the Commission adopts the second revised proposed order, I recommend the following changes to the Commission's order.

Finding of fact 5 should be modified, and finding of fact 26 should be deleted, for consistency with County Line SUD's amended application.

5. The application, as supplemented, requests a service area comprised of 7,788 acres and has two current connections and 24,000 potential future connections. ~~There are also 300 homes and business in the Uhland area that currently utilize septic systems which will be able to connect to County Line SUD's centralized wastewater system.~~
26. ~~There are 300 homes and businesses in the Uhland area that currently utilize septic systems which will be able to connect to County Line SUD's centralized wastewater system.~~

Additionally, the Commission should delegate to the Office of Policy and Docket Management the authority to modify the order to conform to the *Citation and Style Guide for the Public Utility Commission of Texas* and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.
