**NOTICE FINDING NOTICE DEFICIENT AND
ESTABLISHING AN OPPORTUNITY TO CURE**

This Notice addresses the application filed on December 9, 2019, by T & W Water Service for approval of a pass-through rate change.

The administrative law judge (ALJ) finds the revised notice insufficient. Specifically, 16 Texas Administrative Code (TAC) § 24.25(b)(2)(F)(ii) requires notice to contain the following language: "This tariff change is being implemented in accordance with the minor tariff changes allowed by 16 TAC § 24.25. The cost to you as a result of this change will not exceed the costs charged to your utility." T & W's notice contains the first sentence of the required language, as well as a portion of the second sentence, but fails to include the full statement, as mandated by the rules.

The ALJ finds the notice insufficient. On or before March 20, 2020, T & W must provide a revised proof of notice to its customers with the required language. Commission Staff must file a supplemental recommendation by April 17, 2020.

Signed at Austin, Texas the 9th day of March 2020.
