Staff 1-13 Please confirm whether or not the removed meter was tested. If so, provide the date of all tests from one year prior to its initial installation at Shaneka Busby Baker's unit to the present; and please provide a copy of the test results from all such tests.

Response: A bucket test was completed on the original meter before it was removed and replaced in March 2020. On January 15, 2020, NRP checked the meter, checked for leaks, and found no issues. NRP returned on February 5, 2020 and February 7, 2020, and checked the popup water heater valve – again, no issues were found. Work orders documenting these tests have been provided to Commission Staff.
