Re: Docket No. 50543; Application of SP Utility Company, Inc. to Amend CCN No. 12978 and Request for Dual Certification with Drew T. Spencer d/b/a Cypresswood Estates Water System

Dear Ms. Denison,

In accordance with Order No. 5, Patricia Garcia's memorandum of May 8, 2020, and 16 TAC §24.233(14), this letter serves as SP Utility Company, Inc.'s ("SP Utility") notification that Plans and Specifications for its proposed new water system have been submitted to the TCEQ. Attached please find email correspondence between SP Utility's engineers and TCEQ showing that Plans and Specifications were submitted on September 2 and acknowledged by TCEQ's Plan and Technical Review Section on September 3, 2020. Subsequently, TCEQ assigned Log No. P-09042020-032 to the submittal. Please let us know if this does not provide sufficient proof of submittal for purposes of an administrative completeness determination.

In the meantime, please do not hesitate to call me if you have any other questions.

Sincerely,

A handwritten signature in cursive script that reads 'Helen S. Gilbert'.
