**ORDER NO. 17  
LIFTING ABATEMENT, DENYING MOTION TO COMPEL, AND  
REQUIRING PROPOSED PROCEDURAL SCHEDULE**

On June 30, 2021, the administrative law judge (ALJ) abated this case to allow SP Utility Company, Inc. time to receive approval from the Texas Commission on Environmental Quality for the new water distribution system to be installed to serve customers in the requested area. On June 30, 2021, SP Utility filed its response Commission Staff's fourth request for information. On July 9, 2021, SP Utility requested the abatement in this case be lifted and Commission Staff's motion to compel be denied.

In light of SP Utility's response to Commission Staff's fourth request for information, the ALJ lifts the abatement in this case and denies Commission Staff's motion to compel. By July 16, 2021, the parties must confer and file a joint proposed procedural schedule.
