**ORDER NO. 2
FINDING APPLICATION INSUFFICIENT, AND
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses the application of the City of Alton filed on February 18, 2020, to amend its sewer certificate of convenience and necessity (CCN) number 20809 in Hidalgo County.

The administrative law judge (ALJ) finds the application is administratively incomplete and insufficient for further review in accordance with 16 Texas Administrative Code (TAC) § 24.8(b).

Under 16 TAC § 24.8(d), the Commission does not consider an application filed until it finds the application administratively complete. Thus, at this time the application is not considered filed with the Commission.

On or before April 16, 2020, the City of Alton must supplement the application to cure the deficiencies described in the memorandum of Elisabeth English dated March 18, 2020. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicant must not issue notice until the application is deemed administratively complete.

On or before May 15, 2020, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Further, the ALJ finds Commission Staff's request for entry of an order requiring electronic filing unnecessary. All filings are required to be electronic in compliance with the Commission's entry of an order suspending rules in Docket No. 50664.¹

Signed at Austin, Texas the 20th day of March 2020.
