A proposed order in the above-referenced docket is posted for consideration and action by the Commission. If the Commission approves the revised proposed order, I recommend the following changes

Finding of fact 3 should be modified for completeness.

3. On February 18, 2020, Alton filed the application at issue in this proceeding seeking to amend its sewer CCN to incorporate additional acreage into its existing sewer CCN.

Finding of fact 8A should be added for completeness.

- 8A. In Order No. 20 filed on May 10, 2022, the ALJ notified the parties that he intended to file a proposal for decision dismissing the proceeding for Alton's failure to amend, and set May 31, 2022 as the deadline for Alton to respond.

8B. Alton did not respond to Order No. 20.

Conclusion of law 1A should be added for completeness.

1A. Under 16 TAC § 22.181(c), a proceeding may be dismissed without a hearing if the facts necessary to support the dismissal are uncontested or are established as a matter of law.

Ordering paragraph 1 should be added.

1. The Commission adopts the proposal for decision, including findings of fact and conclusions of law, to the extent provided in this Order.

Additionally, the Commission should delegate to the Office of Policy and Docket Management the authority to modify the order to conform to the Citation and Style Guide for the Public Utility Commission of Texas and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.
