APPLICATION OF ENTERGY TEXAS, §
INC. TO REVISE FIXED FUEL FACTOR §
(SCHEDULE FF) IN COMPLIANCE §
WITH ORDER IN DOCKET NO. 32915 §

BEFORE THE
PUBLIC UTILITY COMMISSION
OF TEXAS

APPLICATION OF ENTERGY TEXAS, INC. TO REVISE FIXED FUEL FACTOR (SCHEDULE FF) IN COMPLIANCE WITH ORDER IN DOCKET NO. 32915, MOTION FOR EXPEDITED REFERRAL TO SOAH, AND EXPEDITED APPROVAL OF REVISED INTERIM FIXED FUEL FACTOR ON AN INTERIM BASIS

In accordance with the Order of the Public Utility Commission of Texas (“PUCT” or “Commission”) in Docket No. 32915,¹ Entergy Texas, Inc. (“ETI” or “Company”) files this Application to Revise its Fixed Fuel Factor, Motion for Expedited Referral to the State Office of Administrative Hearings (“SOAH”),² and Expedited Approval of the Revised Interim Fixed Fuel Factor on an Interim Basis.

For the reasons explained below, ETI requests approval of its Application and Motion such that the Interim Approval of ETI’s request may be obtained on or before February 27, 2020, thereby allowing ETI’s revisions to its Fixed Fuel Factor to be effective for the first billing cycle of the March 2020 billing month, which begins March 3, 2020.³

I. MARCH 2020 REVISED FIXED FUEL FACTOR

ETI hereby submits its Revised Fixed Fuel Factor (“Schedule FF”) and supporting attachments (listed below) in compliance with the process ordered in Docket No. 32915, *Application of Entergy Gulf States, Inc. to Revise Fuel Factor Formula*. In accordance with the

¹ *Application of Entergy Gulf States, Inc. to Revise Fuel Factor Formula*, Docket No. 32915, Order No. 3 - Granting Interim Approval of Revised Fuel Factor Formula (August 9, 2006); and Order (September 8, 2006).

² In Docket Nos. 36710, 37365, 37969, 38565, 39156, 40189, 40654, 41234, 41767, 42253, 42772, 44466, 45052, 45632, 46292, 46872, 48604, 49243, and 49873 the Commission referred the Company’s request for modification of its Interim Fixed Fuel Factor to SOAH, rather than addressing the Company’s application at the Commission. The Company files its request in anticipation that a similar process will be employed with regard to the Company’s instant filing.

³ The Company has verified that the receipt of an order on or before Thursday, February 27, 2020, will permit the Company sufficient time to implement a new fixed fuel factor to be implemented with the first billing cycle in the March 2020 billing month which is Tuesday, March 3, 2020.

Commission's Order in Docket No. 32915, the Company has distributed the Revised Fixed Fuel Factor and supporting data to the parties in Docket No. 32465 at least two days before making this filing and has received no objections to its Revised Fixed Fuel Factor.

ETI developed line loss multipliers for the annual period ending June 30, 2019 for use in this interim fuel factor revision pursuant to the Order in Docket No. 40654.⁴

Consistent with the Order in Docket No. 32915, Schedule FF shall be effective with the first billing cycle of the March 2020 billing month. The Company will provide notice of this filing pursuant to 16 Tex. Admin. Code § 25.235(b). Proof of such notice will be filed with the Commission upon completion. Pursuant to Commission past practice and the Order in Docket No. 32915, interested parties will have 30 days from publication of notice to intervene and request a hearing following publication of notice. Accordingly, the Company's request for expedited interim approval, set forth below, will not affect the parties' rights to intervene and request a hearing on the Company's Application within the 30-day time frame following publication of notice contemplated under the Commission's Order in Docket No. 32915.

The following attachments support the Company's revised Schedule FF:

Attachment "A"	Fuel Factor Calculation
Attachment "B"	Average Forward and Historical Gas Price Calculation
Attachment "C"	Copies of the Wall Street Journal supporting the Average Forward Gas Price Calculation
Attachment "D"	Copy of Natural Gas Week Table supporting the Average Historical Gas Price Calculation
Attachment "E"	Proposed Tariff
Attachment "F"	Proposed Form of Notice

II. EXPEDITED REFERRAL TO SOAH AND EXPEDITED APPROVAL OF REVISED FIXED FUEL FACTOR ON AN INTERIM BASIS

Based upon the short period of time to obtain an order implementing the Interim Revised Fixed Fuel Factor as laid out in more detail below, the Company respectfully requests that the Commission refer this proceeding to SOAH on an expedited basis. The Company further requests that the SOAH Administrative Law Judge ("ALJ") adopt the abbreviated procedural mechanism

⁴ *Application of Entergy Texas, Inc. to Implement an Interim Refund*, Docket No. 40654, Order (Mar. 28, 2013).

approved by the Commission in Docket No. 32915 and issue an order approving the Company's revision to its fixed fuel factor on an interim basis no later than February 27, 2020, to become effective with the first billing cycle of the billing month of March 2020, which begins March 3, 2020. The Company further requests, in accordance with the process approved in Docket No. 32915, that the requested interim order specify that it will become a final order without any further required action by the ALJ or the Commission absent the granting of a request for a hearing by a party to this proceeding.

In Docket No. 32915, the Commission found both this abbreviated procedural process for implementation and the continuation of this process in subsequent semi-annual fixed fuel factor revisions to be reasonable.⁵ The Commission further found that this expedited process will continue to provide benefits in terms of administrative efficiency.⁶

The Company's requested process to implement its revised Fixed Fuel Factor is consistent with that adopted in each of the Company's interim fuel factor revisions from Docket No. 36710 through the Company's most recent interim fuel factor revision in Docket No. 49243. Prior to Docket No. 36710, the Commission had not referred the Company's interim fuel factor revisions to SOAH. Anticipating that the Commission will continue its practice of referring all fuel applications to SOAH, the Company requests that its application be processed consistent with the methodology used in ETI's prior fuel factor revision dockets, which mirrors the process adopted in Docket No. 32915, as set forth in Finding of Fact 15 of the Commission's Order:

15. EGSI states that it will follow the same procedural process under the new formula that is in place for EGSI's current fuel factor revision each March and September:
 - (a) EGSI will make a semi-annual filing during the window constituting the 11th through the 15th working days of each February and August. The Company will provide notice to parties to Docket No. 32465 by hand-delivery or facsimile at least two (2) working days prior to making such filing. This filing will include all the necessary back-up data to allow the Commission and parties to verify the calculation of the rate;

⁵ Docket No. 32915, Order at FoF 23 ("The procedural process in place for EGSI's current fuel factor revision and set forth in finding of fact 15 *is reasonable*. Good cause exists to make exceptions to P.U.C. SUBST. R. 25.237(b), (d) and (c) in order to implement EGSI's new fuel factor *and continue the current abbreviated procedural process for approval of EGSI's fixed fuel factor rate.*") (emphasis added).

⁶ *Id.* at FoF 18.

- (b) interested parties will have 30 days to intervene and request a hearing following publication of notice per P.U.C. SUBST. R. 25.235(b)(1)(A);
- (c) revisions to the fuel factor in accordance with the Company's submission will be implemented on an interim basis effective with the first billing cycle of the billing month of March or September. EGSI will request that the Commission or its designee enter such an interim order no later than the 25th day of the month of the semi-annual filing;
- (d) in the absence of a hearing, the interim order implementing the fuel factor revisions will become final by its own terms without further order of the Commission or its designee; and
- (e) the fixed fuel factors implemented pursuant to this methodology will be adjusted for voltage levels at which service is provided utilizing the loss multipliers most recently approved by the Commission.⁷

The processing of the Company's Fixed Fuel Factor as outlined above, including the interim approval and processing of the request is consistent with the terms of the Order in Docket No. 32915⁸ and this process should be used to guide the ALJ in processing ETI's application in this case.

In order to comply with the procedure adopted by the Commission in Docket No. 32915, a date for the Commission Staff recommendation is required. Given the abbreviated schedule for implementing the revised Fixed Fuel Factor, ETI requests that the ALJ order the Commission Staff to provide its recommendation on the Company's Application and proposed notice by February 24, 2020, that the ALJ approve ETI's request on an interim basis no later than February 27, 2020, which approval would be effective for March 3, 2020, of ETI's Schedule FF, Tariff Sheet No. 51, Revision 50, and for such other relief to which the Company is entitled.

⁷ *Id.*, Order at FoF 15.

SCHEDULE FF

Sheet No.: 51
Effective Date: 3-3-20
Revision: 50
Supersedes: FF Effective 8-29-19
Schedule Consists of: One Sheet

FIXED FUEL FACTOR AND LOSS MULTIPLIERS

The Texas retail fixed fuel factor is \$0.0228285 per kWh.

| R

The loss multipliers by voltage level are:

<u>Delivery Voltage</u>	<u>Loss Multiplier</u>
Secondary	1.022432
Primary	0.997729
69kV/138kV	0.969852
230kV	0.954780

| T
| T
| T
| T

The corresponding fixed fuel factors by voltage level are:

<u>Delivery Voltage</u>	<u>Fixed Fuel Factor</u>
Secondary	\$0.0233406 per kWh
Primary	\$0.0227767 per kWh
69kV/138kV	\$0.0221403 per kWh
230kV	\$0.0217962 per kWh

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the “Commission”) on February 20, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas’ retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission’s approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the March 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

<u>Delivery Voltage</u>	<u>Fixed Fuel Factor</u>
Secondary	\$0.0233406 per kWh
Primary	\$0.0227767 per kWh
69kV/138kV	\$0.0221403 per kWh
230kV	\$0.0217962 per kWh

The revised fuel factor would result in a decrease in Entergy Texas’ annual Texas retail fuel and purchased power revenues by approximately \$6.5 million, or 1.3% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective September 2019, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of .3% annually, or \$.34 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs.

Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of March 2020 through September 2020.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call [1-800-368-3749 (once you hear: “Welcome to Entergy” select option 1, then press 5, then press 7)] during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. _____ to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.
