**PUBLIC UTILITY COMMISSION

**COMMISSION STAFF'S RECOMMENDATION ON THE APPLICATION AND
NOTICE**

COMES NOW the Staff of the Public Utility Commission of Texas (Staff), representing the public interest, and files this Recommendation on the Application and Notice. In support thereof, Staff shows the following:

I. BACKGROUND

On March 10, 2020, Nerro Supply, LLC (Nerro) filed an application for a pass-through rate change. The proposed pass-through rate change affects customers in the Maple Leaf Gardens and Oakland Village subdivisions within the service area for Nerro water Certificate of Convenience and Necessity No. 12252. The proposed pass-through rate would increase the pass-through fee from \$4.00 per 1,000 gallons to \$5.00 per 1,000 gallons. The application requested an effective date of April 1, 2020. On April 13, 2020 Nerro provided supplemental information in response to Staff's First Request for Information,

On April 8, 2020, the Administrative Law Judge (ALJ) issued a notice granting Staff's request for extension and setting a deadline of May 7, 2020 for Staff to file a recommendation on the application and notice, and to propose a procedural schedule, if appropriate. Therefore, this pleading is timely filed.

II. STAFF'S RECOMMENDATION

Staff has reviewed Nerro's application, supplemental information, and notice and, as supported by the attached memorandum of Spencer English, Rate Regulation Division, recommends that the application be found administratively complete and in compliance with 16 Texas Administrative Code (TAC) § 24.25(b)(2)(F)(i). Accordingly, Staff recommends that the requested changes to Nerro's pass-through rates be approved. The revised tariff implementing this rate change is attached.

Further, notice in this proceeding is governed by 16 TAC § 24.25(b)(2)(F)(ii). Staff has reviewed the notice attached to the application and determined that the affected customers have been appropriately informed of the proposed rate change.

Therefore, Staff recommends that the application be approved, that notice be found sufficient, and that no further procedural schedule is needed.

III. CONCLUSION

Staff respectfully requests the issuance of an order deeming the application and notice sufficient and approving the pass-through rate change.

Dated: May 7, 2020

Memorandum

Legal Division

From: Spencer English, Financial Analyst
Rate Regulation Division

Subject: **Tariff Control No. 50635; Application of Nerro Supply, LLC for a Pass Through Rate Change**

Date: May 7, 2020

On March 10, 2020, Nerro Supply, LLC (Applicant), Certificate of Convenience and Necessity No. 12252, filed an application to implement a pass-through rate change pursuant to Texas Administrative Code (TAC) § 24.25(b)(2) for an increase in the well pumpage fee billed by North Harris County Regional Water Authority (NHCRWA). The increase raises the water usage fee from \$3.85 per 1,000 gallons to \$4.25 per 1,000 gallons effective April 1, 2020.

The Applicant has requested a pass-through rate change from \$4.00 per 1,000 gallons to \$5.00 per 1,000 gallons for the Maple Leaf Gardens Subdivision (PWS ID: 1011493) and Oakland Village Subdivision (PWS ID: 1011049). The request includes \$0.75 per 1,000 gallons for line loss of 15% calculated in accordance with the pass-through equation listed on the tariff.

After conferring with the Applicant, Staff recommends amending the Applicant's tariff to separate the pass-through fee from the gallonage charge in accordance with TAC § 24.25(b)(2)(E). Staff has determined that the application and notice meet the requirements of TAC § 24.25(b)(2)(F). Staff recommends that the application be accepted for filing and the rate be implemented as of April 1, 2020.
