IMPORTANT CHANGES TO YOUR BILL

Dear Valued Customer:

Double Diamond Properties Construction (DDPC) has entered into a Wholesale Water Supply Agreement with Northwest Grayson County Water Control and Improvement District No. 1. As a result of this contract, and in accordance with our tariff approved by the Public Utility Commission, DDPC will be implementing a pass-through charge on your bill effective on the first meter reading after June 1, 2020 or upon approval of the Public Utility Commission. We are only passing through the cost incurred by us.

The pass-through charge will consist of a volumetric charge of \$0.66/1,000 gallons and a monthly charge, which will be \$985.22/ number of meter equivalents at the beginning of the monthly billing cycle. There are currently 137 meter equivalents, and therefore the meter charge would be \$7.19 (\$985.22/137).

The rates (current and with the pass-through adjustment) are as shown below.

	Current	Pass-Through Adjustment	With Pass-Through Adjustment
Meter Size Charge			
5/8" or 3/4"	\$30.00	\$7.19	\$37.19
1"	\$75.00	\$17.98	\$92.98
1 1/2"	\$150.00	\$35.95	\$185.95
2"	\$240.00	\$57.52	\$297.52
3"	\$450.00	\$107.85	\$557.85
Gallage Charge (Per 1,000 Gallons)			
0 – 2,000 gallons	\$3.63	\$0.66	\$4.29
2,001 – 10,000 gallons	\$3.91	\$0.66	\$4.57
10,000+ gallons	\$4.91	\$0.66	\$5.57

This tariff change is being implemented in accordance with the minor tariff changes allowed by 16 Texas Administrative Code §24.25. The cost to you as a result of this change will not exceed the costs charged to your utility.
