Re: Robert Payne

Pact Packet No 50721, CCN # 12497

I filed a protest rate change Mr Payne requested July 15, 2020, enclosed.

I also protest his request for a second rate change.

Most of his customers are elderly and low income people who can not afford these rates. Many are having a hard time making ends meet and making a living.

Mr. Payne does not give a takers damn about his customers, all he wants is money, money money with little or no service.

Yea I protest this request.

DOCET NO. 52121

DOCET - 161251

Mrs. Payne is requesting a 25% rate increase
on 5200 gallons of water usage.

When did the RCT last water rate on how
all a water system is. Mr. Payne purchased the water
system on April 1, 2018. At the time he knew (1) the
water system was 29 years old as emphasized in a
letter to his constituents dated April 8, 2020. (2) condition
of the equipment & piping was bad and needed repairs
(3) cost of operation, (4) water meter (5) and the condition
was required to accept his investment.

Now after 2 years of operation this has not turned
out to be the money making scheme that Mr. Payne
thought it would be. Now he wants to place his own
to the RCT to bail him out of a financial blender
that are in fact most prudent water would consider.

I highly recommend that the Middle Trinity
Board Water Commission District in Sturgesville TX
and the Texas Commission on Environmental Quality
in this make a thorough inspection of this
misguided water system.
