Subject: Protest to rate change of Airport & Whispering Ridge, Docket No. 50721__*

I would like to comment that the proposed rate increase of over 100% from current rates is just too much at one time. This is considering the current financial situation that is plaguing many people during the current COVID 19 pandemic. If Crystal Clear Water needs to increase rates, I would propose a gradual increase in rate hikes to allow people to accommodate the increases. Many people are struggling to make ends meet and such a dramatic rate increase only adds financial stress to those that are in trouble.

I would also like to comment that I am not opposed to Crystal Clear Water being a profitable and viable business venture. They need to cover costs and provide an essential service to the people that rely on having a clean and safe water source.

Thank you for your consideration.

Regards,

Doug Hills
