RE: Docket No. 50721

I wish to PROTEST the proposed rate increase by Clear Water as a COMMENTER.  
The proposed rate increase is Outrageously excessive by any measure and should not be approved. Additionally, since Clear Water took ownership and operations of our water supply the quality of the water has deteriorated. It is consistently over Chlorinated and is a disgusting brown color.

Please advise me if there is anything else we need to do to support our protest of the proposed rate increase.
