Good morning,

I just wanted to give you an update, our auto-cad manager is working with the Manville WSC to get the exact meter locations and once that is all done I see send over the map you are requesting (Item No. 1).

Item No. 2 & Item No. 3: No new facilities will need to be constructed in this requested area.

Thank you, Elissa

Hello Sean,

I'm working on the financial portion of the application and am needing the following information provided for this docket if not too much trouble please:

1. A facilities map showing where existing connections and facilities to serve the requested area are located and where new connections and facilities will be located,
2. If new facilities will be constructed to serve the requested area provide a capital improvement plan, including a budget and an estimated timeline for construction of all facilities necessary to provide full service to the requested area and,
3. A description of the sources of funding for all facilities that will be constructed to serve the requested.

Thank you so much and please let me know if you have any questions or concerns.

Sincerely,
Fred
