**Subject:** 2019 TXU Cost Center Assignments and Coding

Texas Utilities Team,

In order to better align our organizational reporting for clarity and efficiency, we are revising several cost center names and numbers beginning with January 2019 business. The reason we are making these reporting changes is to reflect Monarch’s role as our largest Texas utility in terms of connections and geographic reach. The new reporting structure will provide better transparency for our regulatory filings, and provide a unified platform for future growth opportunities.

Key changes are as follows and will be effective as of January 1<sup>st</sup>, 2019. Therefore, please begin coding business charges for 2019 in these new cost centers. Note to Employees in one of the Cost Centers below; you will soon receive a follow-up email with your new cost center number.

- The 2018 Cost Centers below are moving from Company 2000 (SWWC Utilities) to Company 3020 (Monarch) in 2019

Matt,

When I was booking the Audit Accrual for Corporate, I also booked one for Monarch. Ed budgets it all in March so you only have to do it once. Please go back to your Accrual template for December and you will notice another tab for TXU audit fees.

Please accrue to the same account and cost center.

Let me know if you have any questions.

Thanks,

Julia

Hi Doris and Julia,  
 Just wanted to check if you all are booking the PWC audit fee? Also, I noticed medical insurance (611020 and 611025) is \$33k unfavorable to budget this month but had been running \$26k per month in Jan-Feb. Was there a true-up? Thank you very much.

Ed
