**ORDER NO. 13  
FINDING MODIFIED APPLICATION AND NOTICE SUFFICIENT; AND RESTYLING**

This Order addresses the administrative completeness of the modified application of Nerro Supply, LLC and Undine Texas Environmental, LLC filed on November 29, 2021. On December 8, 2021, applicants filed a supplement to the modified application. On December 13, 2021, Commission Staff filed recommendations regarding, among other things, administrative completeness of the modified application, whether additional notice is necessary, and requested restyling of this proceeding to reflect the modified application.

The administrative law judge (ALJ) finds the modified application, as supplemented, administratively complete. Further, the ALJ finds the notice remains sufficient and no additional notice is necessary because the modified application does request any additional service area.

The ALJ grants Commission Staff's request to revise the style of this proceeding. Accordingly, the style is revised as reflected in this Order.

The procedural schedule established in Order No. 12 remains in effect.

**Signed at Austin, Texas the 14th day of December 2021.**
