Austin, TX 78711-3326

First Name: Anupama Last Name: Atluri

Phone Number: 210-913-3386 Fax Number: _____

Address, City, State: 3215 Monarch, San Antonio, Tx-78259

Email Address: atlurianu@yahoo.com / atluris@gmail.com

I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

One or more of the utility's proposed routes would cross my property.

Other. Please describe and provide comments. You may attach a separate page, if necessary.

Please see attached.

Signature of person requesting intervention:

X. Anupama

Dear

Public Utility Commission of Texas:

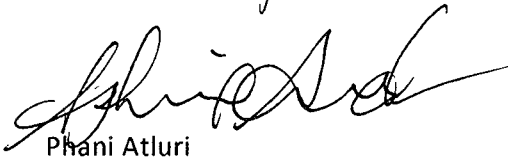

We are the owners of a land in the Canyons at Scenic Loop Sub division (CB 4695A - THE CANYONS AT SCENIC LOOP UT-6B, BLOCK 9 LOT 55) that could be impacted/affected with proposed Scenic Loop 138-kV Transmission Line Project in Bexar County, Texas. We have made plans to build a house in the above said property. One of our initial criteria as we are looking for lands/lots for our dream house is that we stay as far from the High Voltage transformers and/or transmission lines. As you all probably know, there are various studies (some of which are proven) that shows the association of continued exposure to electric and magnetic fields to some terminal illnesses. Unfortunately, we do have some personal experiences with it too. One of our sisters died from Leukemia and another one had reproductive issues and part of these health issues were attributed to the proximity to some High Voltage lines. In any case, based on some of these personal experiences, we always stayed away from them.

We are not comfortable and do not agree to a transmission line close to where we were planning to build a house. If for the sake of the community and the betterment for the infrastructure of the city you need to do it, **we are willing to be bought out**. Please offer a price for the entire lot and buy us out. But, at any cost, we are not willing to reside near these lines.

If you have any questions, please contact me at 210-913-3386.

Sincerely,

Anupama Atluri

Phani Atluri
