STATEMENT OF POSITION OF
Jim Flores

My name is Jim Flores. I am an intervenor in this case. I live at 25711 Creekside Cove, Boerne, Texas 78006, which is within the Anaqua Springs Ranch subdivision and am impacted by the transmission line that runs along Toutant Beauregard and that runs along the southern border of Anaqua Springs Ranch property.

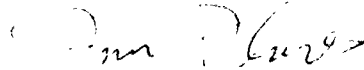

I am opposed to the routes that USE/RUN ALONG/ARE PARALLEL TO/FOLLOW/UTILIZE/ Toutant Beauregard because of the negative changes it will bring to the aesthetics of this beautiful sub-division we live in. We moved into our dream home in Anaqua Springs Ranch in 2013. One of the biggest reasons was largely due to the serenity of it all. The pristine country road and land leading up to our sub-division, all the beautiful native trees, the quietness of it all. We put our life savings into purchasing our home in Anaqua Springs Ranch for all the reasons above. We never envisioned that something so changing as to what CPS is proposing would alter and disrupt our dream and Anaqua Springs Ranch's beauty. The unsightly construction of the transmission lines and towers that CPS is proposing will definitely change the aesthetics, value and serenity of our Anaqua Springs Ranch. It will never be as it once was should this occur.

4810

I am also opposed to the routes that use segments 38, 39, and 43 because those segments impact Anaqua Springs properties on the southern border.

I wish to remain an intervenor and participate in this case.

Respectfully submitted,
