COMMENTS OF
KALEE JESSICA ROWLAND

My name is Kaylee Jessica Rowland. My family lives at 24906 Miranda Ridge, Boerne TX 78006, which is within the Anaqua Springs Ranch subdivision and is impacted by the proposed transmission line routes that run along the southern border of Anaqua Springs Ranch property and that run along Toutant Beauregard Road. I am writing to express my objections to these proposed transmission line routes.

I love going to visit my family and I try and go as often as possible. My favorite part about this part of town is how remote and beautiful the location is and the connection with nature. This is something I look forward to and love going to visit. I love watching the sunset and sunrise. We swim, grill, hike, and walk a lot outside with the family. Most of our time is spent outside. If power lines were within view, it would completely diminish the feeling of being close to nature and would definitely change how I feel about visiting and spending time there. It would destroy the views and I would be very uncomfortable with our safety and health if there were power lines nearby.

I am strictly opposed to power lines being built in and around Anaqua Springs.

Respectfully submitted,

Kalee Jessica Rowland
