**COMMENTS OF**  
**JAMES POLK AND ASHLYNNE HOLSCHER**

Our names are James Polk and Ashlynn Holscher. Our parents live at 24906 Miranda Ridge, Boerne TX 78006, which is within the Anaqua Springs Ranch subdivision and is impacted by the proposed transmission line routes that run along the southern border of Anaqua Springs Ranch property and that run along Toutant Beauregard Road.

We have a 2-year old son and a daughter on the way. It is concerning that the power lines will impact the health and safety of our children who grow up spending time with their grandparents in Boerne, TX. We enjoy our time in the beautiful landscape of the undisturbed rolling hills. It has become a great privilege to enjoy the privacy and safety of the neighborhood. It is unfortunate that it may be disturbed by the proposed powerlines. Our children won't be able to freely explore the nature without the worry of an accident. Unfortunately, cancer runs in the family and we may have to reconsider letting our children play in the surrounding area. With dreams of more children, it is heartbreaking that my fiancé won't be comfortable in the home being pregnant that close to the powerlines.

Please reconsider this proposal for the safety and wellbeing of our children who have and will continue to grow up in the Anaqua Springs neighborhood. We urge you with a heavy heart to think of the future generations of this world when making your final decision on this matter.

Respectfully submitted,

*James Polk*  
*Ashlynn Holscher*
