COMMENTS OF
SAMUEL POLK

My name is Samuel Polk. My parents live in their forever home at 24906 Miranda Ridge, Boerne TX 78006, which is within the Anaqua Springs Ranch subdivision and is impacted by the proposed transmission line routes that run along the southern border of Anaqua Springs Ranch property and that run along Toutant Beaugard Road.

I visit my them as often as I can. I do not have a lot of spare time and is not easy for me to travel so I spend a lot of my vacation time there enjoying the vast beauty of the hill country. I have a deep connection with the home and the area. My work requires me to travel to large cities across the country. Spending my spare time in Anaqua Springs gives me a break from the urban jungle I must navigate regularly for work. It saddens me that the possibility of the power lines will ruin the only connection I have with nature.

We have a family history of cancer and it is unfortunate to think my family members and I may be more at risk than we already are due to the power lines. I am worried about my nephew and my niece who will grow up playing around Anaqua Springs near the trees like I once did, now with the concern of the powerlines and the risks of them climbing them.

I am against the power lines around Anaqua Springs.

Respectfully submitted,

Samuel Polk
