RE: PUC Docket No. 51023; SOAH Docket No. 473-21-0247 - *Application of the City of San Antonio To Amend its Certificate of Convenience and Necessity for the Scenic Loop 138-kV Transmission Line in Bexar County*

Dear Judges Vandrovec and Pemberton:

In accordance with SOAH Order No. 7, CPS Energy has attempted to confer with all of the parties to the above-referenced proceeding regarding schedule changes necessitated from the winter outage events last week. The attached schedule has been presented to all of the parties for which CPS Energy can communicate via email. CPS Energy has not received any objections to this schedule.¹ Because of the upcoming deadlines effected by this schedule modification, we respectfully request an order as quickly as reasonable.

Sincerely,

Kirk D. Rasmussen

¹ In response to my communications, a landowner, Mr. Paul Craig, requested of CPS Energy until Monday, March 1, 2021, to file his direct testimony or statement of position due to storm related issues. CPS Energy recommends the ALJs grant Mr. Craig until March 1, 2021, to file his direct testimony or statement of position.
