I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- One or more of the utility's proposed routes would cross my property.
- Other. Please describe and provide comments. You may attach a separate page, if necessary. I'm starting construction

on my track, and the proposed route is right on my driveway to my home. I have submitted all my plans and paid all the fees for engineering and architectural project. If the proposed route is
plans are worthless since the route crosses my property and I will not have access to my
home. Also I have installed underground electrical lines since I did not want any overhead

lines since they cause CANCER. Besides my property value will decrease tremendously. This is a private subdivision and one of the reasons I bought this property in a subdivision is not to have this type of issues.

Signature of person submitting comments:

A handwritten signature in black ink, appearing to be 'Monica Gonzalez de la Garza', written over a horizontal line.
