RE: PUC Docket No. 51023; SOAH Docket No. 473-21-0247 - *Application of the City of San Antonio To Amend its Certificate of Convenience and Necessity for the Scenic Loop 138-kV Transmission Line in Bexar County*

Dear Judges Vandrovec and Shenoy:

Pursuant to SOAH Order No. 11, the parties are required to declare their intent to cross-examine intervenor witnesses by noon on April 28, 2021. This letter is filed in compliance with that requirement. At this time, CPS Energy does not intend to call any intervenor witnesses for cross-examination.¹ However, CPS Energy reserves the right to cross-examine any intervenor witnesses identified by other parties for cross-examination.

A copy of this letter has been filed at the Public Utility Commission to be posted on the Interchange. Please do not hesitate to request any further information that we can provide.

Sincerely,

/s/ Kirk D. Rasmussen

¹ However, CPS Energy does intend to offer discovery responses sponsored by some intervenor witnesses. CPS Energy understands the judges to not require the sponsoring witness to testify for CPS Energy to offer those discovery responses, but if this understanding is wrong, then CPS Energy would have to revise this designation and identify witnesses for cross-examination for the purpose of offering such discovery responses.
