Re: PUC Docket No. 51023; SOAH Docket No. 473-21-0247 - *Application of the City of San Antonio To Amend its Certificate of Convenience and Necessity for the Scenic Loop 138-kV Transmission Line in Bexar County*

To the Public Utility Commission of Texas:

In preparation for the consideration by the Public Utility Commission of Texas (Commission) of the Proposal for Decision issued by the Administrative Law Judges in this docket, the City of San Antonio, acting by and through the City Public Service Board (CPS Energy), has prepared demonstrative maps combining elements of the Intervenor Map (CPS Energy Exhibit 18) and Amended Figure 4-1R (attached as Exhibit LBM-2R to CPS Energy Exhibit 15) in the evidentiary record. These demonstrative maps are comprised of information already in the evidentiary record and are presented for demonstrative purposes only, for use by the parties and the Commission's advising staff in preparing for the Commission's consideration of this matter.

The demonstrative maps are contained on the Scenic Loop ShareFile site maintained by the law firm of Jackson Walker for the hearing exhibits, to which the parties have been granted access. The address for such folders is found at <https://jacksonwalker.sharefile.com/home/shared> and the demonstrative maps are located in the folder labeled "Demonstrative Maps" contained within the folder labeled "Docket 51023 Hearing Exhibits." If any party has difficulty accessing the folder or has any questions regarding these demonstrative maps, it may contact the undersigned counsel for assistance.

Sincerely,
