**Re: Amended Application
Response to Commission's Motion to Amend the Procedural Schedule
Possum Kingdom Water Supply Corporation Water CCN 12890
Docket No. 51161**

Dear Sir / Madam:

Enclosed with this letter is the amended parts of the Application to Obtain or Amend a Water Certificate of Convenience and Necessity (CCN) for Possum Kingdom Water Supply Corporation (PKWSC) per the Response to Commission's Motion to Amend the Procedural Schedule, Section II. Request for Amended Procedural Schedule table, first event item, that states, "Deadline for PKWSC to amend its application and provide amended maps". The applicable amended application replacement pages are provided along with amended maps by the deadline of January 21, 2021.

This application amendment is provided under oath; see the attached Applicant's Oath. The electronic submittal has been filed; one copy of this submission is provided. Since the filing is less than 50 pages it is not considered voluminous, no Table of Contents is included. Two (2) copies of digital map data on portable electronic storage medium are also enclosed. These modified filing procedures were explained by the PUC Central Records on January 4, 2021, and are modified to address PUC Docket No. 50664, dated March 16, 2020, issued in light of the ongoing health crisis the physical filing procedures of Chapter 22 of title 16 of the Texas Administrative Code.

Description of Proposed CCN Expansion Area

Description of Proposed CCN Expansion Areas
Possum Kingdom Water Supply Corporation
Application to Amend a Water CCN

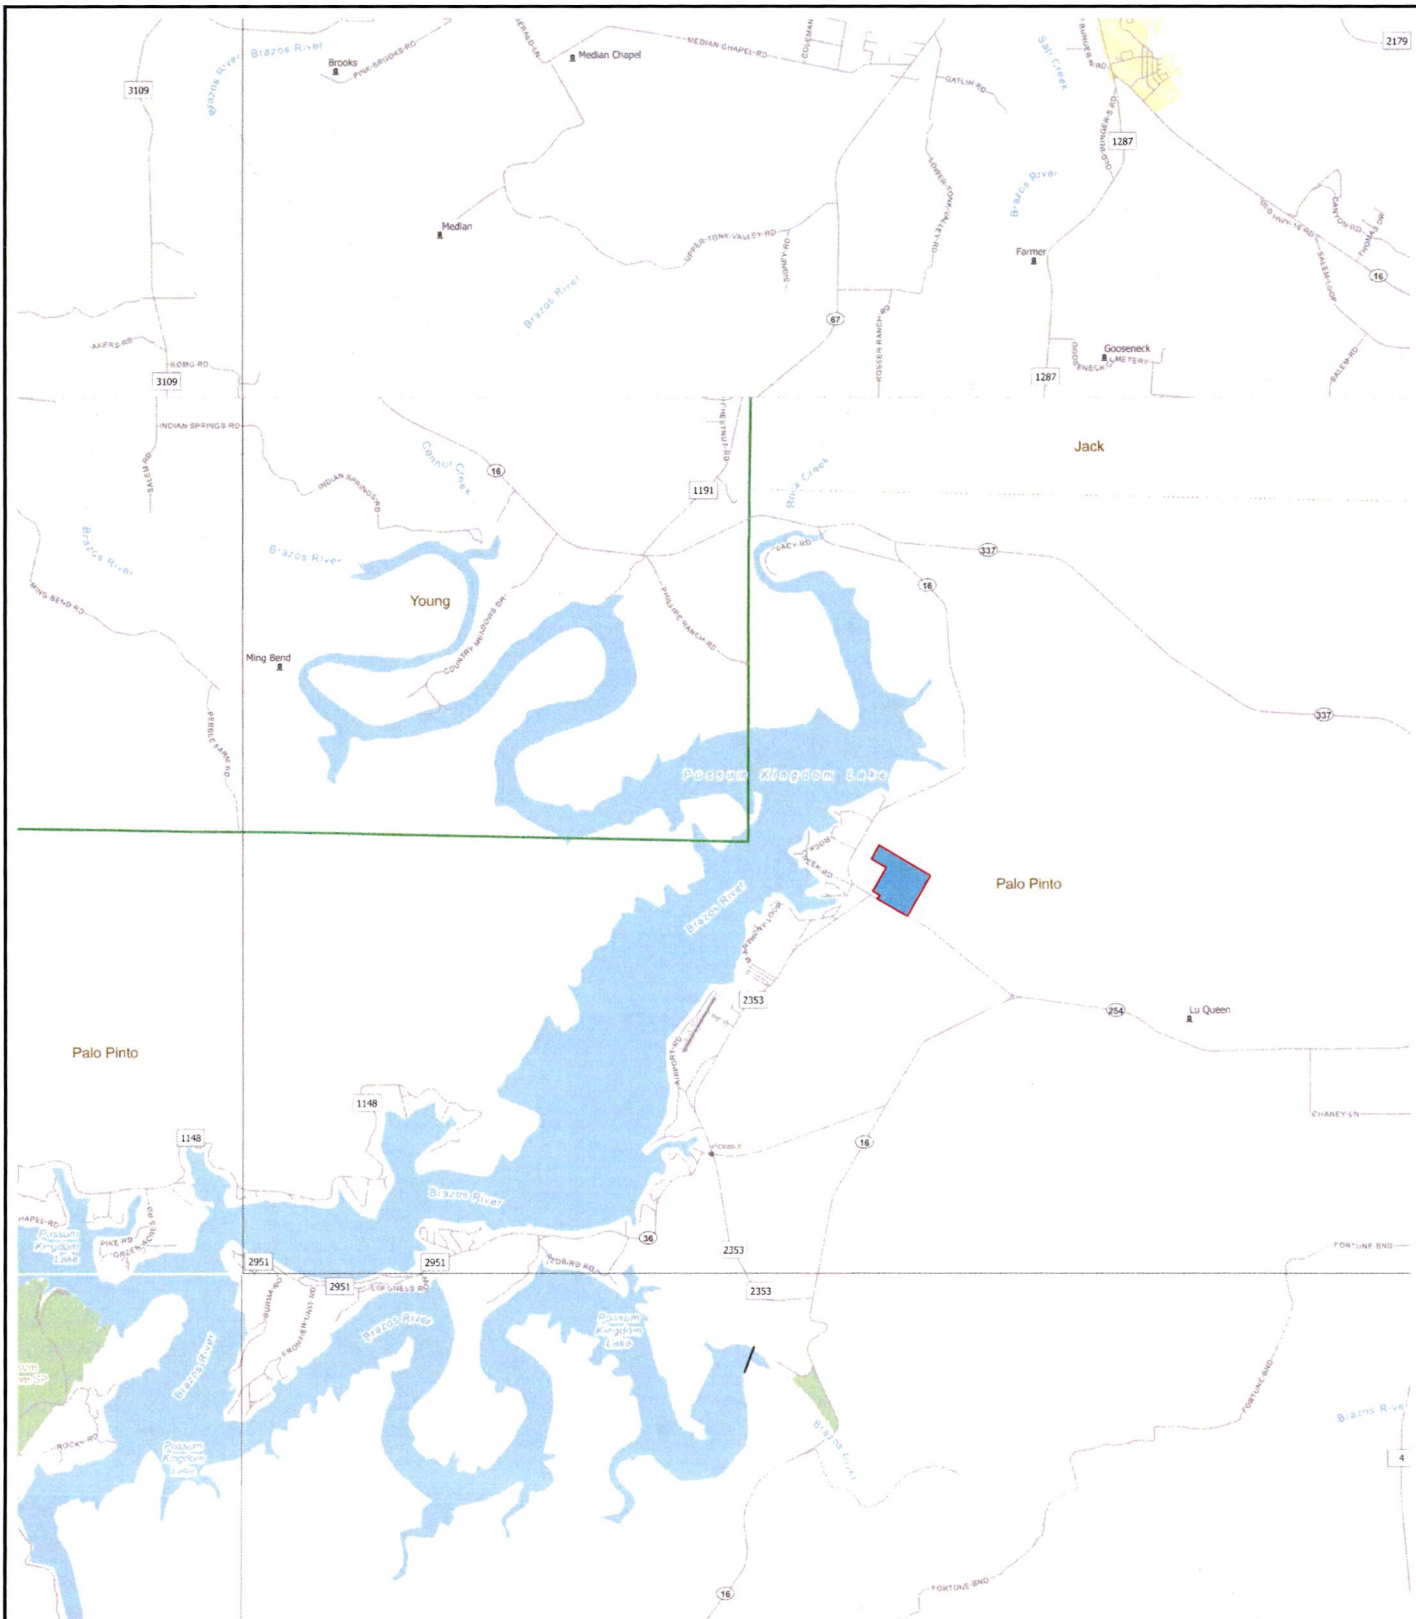

The proposed amended water CCN 12890 for Possum Kingdom Water Supply Corporation (PKWSC) includes approximately 169 acres between the Hills Over Possum Kingdom Subdivision and State Highway 16 in preparation for a new residential development in the requested area. PKWSC does not serve any existing connections in the in the proposed additional CCN area, which is currently undeveloped agricultural land.

Requested Area: The requested area includes the area which will be developed as a residential subdivision. This area does not currently have a water CCN, and the City does not currently provide water service to the area. Approximately 170 new residential connection with $\frac{3}{4}$ " meters are anticipated to be added in the requested area.
