I recommend that the Commission make the following changes to the proposed order in this proceeding.

Proposed finding of fact 24 should be deleted as unnecessary to support the order. Proposed finding of fact 25 should be modified for clarity and accuracy.

24. ~~The CCN holder provides water service in the general vicinity of, but not on, the release property.~~
25. The CCN holder has water facilities approximately one mile to the southwest of~~the general vicinity~~ the release property but does not have any facilities on the release property.

Finally, the Commission should delegate to the Office of Policy and Docket Management staff the authority to modify the order to conform to the *Citation and Style Guide for the Public Utility Commission of Texas* and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.

I look forward to discussing this matter with you at the open meeting.
