APPLICATION OF ENTERGY TEXAS, INC.
TO REVISE FIXED FUEL FACTOR
(SCHEDULE FF) IN COMPLIANCE WITH
ORDER IN DOCKET NO. 32915

§
§
§
§

BEFORE THE STATE OFFICE
OF
ADMINISTRATIVE HEARINGS

PROOF OF NOTICE

Entergy Texas, Inc. ("ETI" or "the Company") submits herewith proof of its compliance with the notice requirements as set forth under 16 Tex. Admin. Code ("TAC") § 25.235(b).

The Company filed its Application in the proceeding with the Public Utility Commission of Texas ("Commission") on August 19, 2020. In accordance with 16 TAC § 25.235(b), the Company provided notice of its Application by one-time publication in newspapers of general circulation in the counties comprising ETI's retail service territory. Publication of notice was completed on September 10, 2020. Appendix A hereto contains the published notice to implement the revised fixed fuel factor. Appendix B hereto contains the affidavit of Andrew Schonert attesting to notice by publication. Appendix C hereto contains a summary listing of the publications in which notice was provided. Appendix D hereto contains the publishers' affidavits and copies of the published notices. Appendix E hereto contains the affidavit of Cathy Treadaway attesting that the Company also delivered a copy of its filing in the proceeding, which included a copy of the Company's proposed notice to parties in Docket No. 46076, the Company's most recent fuel reconciliation at that time.

The Company requests that this proof of notice be approved and found sufficient and requests any other relief to which it may be entitled.

Respectfully submitted,

Miguel Suazo

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the “Commission”) on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas’ retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission’s approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

<u>Delivery Voltage</u>	<u>Fixed Fuel Factor</u>
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas’ annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts

collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call [1-800-368-3749 (once you hear: “Welcome to Entergy” select option 1, then press 5, then press 7)] during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No.51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS, INC.

AFFIDAVIT OF ANDREW SCHONERT

STATE OF TEXAS §
 §
COUNTY OF MONTGOMERY §

BEFORE ME, the undersigned authority, on this day personally appeared Andrew Schonert, who, having been placed under oath by me, did depose as follows:

1. “My name is Andrew Schonert, Manager of Communications for Entergy Texas, Inc. I am of legal age and a resident of the State of Texas. I am of sound mind, capable of making this affidavit, and personally acquainted with the facts stated herein.
2. “Notice of Docket No. 51196 the *Application of Entergy Texas, Inc. to Revise Fixed Fuel Factor (Schedule FF) in Compliance with Order in Docket No. 32915* was published once in newspapers of general circulation in ETI’s service area. Appendix D contains the publisher affidavits and copies of the published notices for this one-time publication.

Andrew Schonert

SUBSCRIBED AND SWORN TO BEFORE ME by the said Andrew Schonert this 16th day of September 2020. This notarial act was an online notarization.

LEGAL NOTICES

NOTICE TO IMPLEMENT
REVISED FIXED FUEL FACTOREntergy Texas, Inc. hereby publishes NOTICE that,
pursuant to Section 36.203 of the Public Utility
Regulatory Act (codified in TEX. UTIL. CODE) and
16 Tex. Admin. Code § 25.235(b), it filed with the
Public Utility Commission of Texas (the "Commission")
on August 19, 2020, a tariff to implement a revised
fixed fuel factor. All of Entergy Texas' retail customers
whose fuel charges are calculated under the Texas
fixed fuel factor tariff – including but not limited to
Residential, Small General Service, Large General
Service, Large Industrial Power Service, and Street
and Outdoor Lighting Service – will be affected by the
Commission's approval of the revised fixed fuel factor.
The revised fixed fuel factor, if approved, will affect
only the fuel portion of the rates charged by Entergy
Texas and will have no effect on non-fuel base rates.Entergy Texas seeks Commission approval to revise
the fixed fuel factor effective with the first billing
cycle of the September 2020 billing month. Entergy
Texas proposed that the fixed fuel factor be changed
pursuant to a semi-annual filing to be made each
February and August, with revised fuel factors to be
effective with the first billing cycle of the March and
September billing months, pursuant to a methodology
that changes the fuel factor based upon changes in the
published price of natural gas. This methodology was
authorized for use in Docket No. 32915.The revised fixed fuel factor, differentiated by volt-
age level, is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in
Entergy Texas' annual Texas retail fuel and purchased
power revenues by approximately \$126.5 million, or
28.4% on an annual basis. Compared to the fixed fuel
factor approved by the Commission effective March
2020, a residential customer using 1000 kilowatt-hours
(kWh) of electricity per month would see an approxi-
mate decrease of 29.09% annually, or \$6.64 on average
per month, on his/her electric bill. The fixed fuel
factor rate is designed to pass through to customers the
actual fuel costs incurred by Entergy Texas to serve
customers. Entergy Texas is not allowed to make a
profit on fuel costs. Amounts collected from affected
customers pursuant to the revised fixed fuel factor will
be subject to final review by the Commission in
Entergy Texas' next applicable fuel reconciliation pro-
ceeding before the Commission. Entergy Texas
expects the revised fixed fuel factor to be in effect for
the billing period of September 2020 through February
2021.Persons with questions or who want more informa-
tion on this petition may contact Entergy Texas at Attn
Customer Service – Fuel Factor, 350 Pine Street,
Beaumont, Texas 77701, or call (1-800-368-3749
(once you hear "Welcome to Entergy" select option 1,
then press 5, then press 7)) during normal business
hours. A complete copy of this petition is available for
inspection at the address listed above.The Commission has assigned Docket No. 51196 to
this proceeding. Persons who wish to formally partici-
pate in this proceeding, or who wish to express their
comments concerning this petition should contact the
Public Utility Commission of Texas, Office of
Customer Protection, P.O. Box 13326, Austin, Texas
78711-3326, or call (512) 936-7120 or toll-free at
(888) 782-8477. Hearing and speech-impaired individ-
uals with text telephones (TTY) may call (512)
936-7136 or use Relay Texas (toll-free) 1-800-735-
2989.

**NOTICE TO IMPLEMENT
REVISED FIXED FUEL FACTOR**

Energy Texas, Inc. heretby publishes NOTICE that, pursuant to Section 46.03 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and the Texas Admin. Code § 25.2325(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor for Texas Electric.

those fuel meter charges are calculated under the Texas revised fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Service, Large Industrial Power Service, and Street and Light Service. The Commission approved the revised fixed fuel factor tariff. The revised fixed fuel factor, if approved, will affect only the full portion of the rates charged by Entergy Texas that would not be affected by the proposed rate change.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month.

Entergy Texas proposed that the fixed fuel factor be revised to be effective with the first billing cycle of the March 2021 and September 2021 billing months, pursuant to the methodology that changes the fuel factor based upon the natural gas prices for the month of the billing cycle. The methodology was authorized for use in Docket No. 19087.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0274032	per kWh
69kV/138kV	\$0.0258517	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Purchased Power's annual Texas retail fuel and energy taxes by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2010, a residential customer using 100 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.0% annually, or \$6.44 or

average per month, on his/her electric bill. The fixed cost factor rate is designed to pass through to customers the actual costs incurred by the utility to serve customers. Fuel costs are amounts Texas to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission after the end of the year. Fuel reconciliation proceeding before the Commission. Fuel Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

If you have questions or who want more information on this petition may contact Energy Services Texas at Attn: Customer Service - Fuel Factor, 350 East First Street, Beaumont, Texas 77701, or call 1-800-368-3693. If you wish to file comments regarding this petition 1, then press 5, the press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No.517196 to the Public Utility Commission of Texas, Office of Public Utility Counsel, 1001 North Main Street, Suite 1717, Dallas, Texas 75202-3326, or call (512) 936-7120 or toll-free at (888) 782-5877. Hearing and speech-impaired individuals with relay telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-5293.

Legal Notice NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.25(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates. Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915. The revised fixed fuel factor, differentiated by voltage level, is as follows: FACTOR BY VOLTAGE LEVELS <table border="1"> <tr> <th>Delivery Voltage</th> <th>Fixed Fuel Factor</th> </tr> <tr> <td>Secondary</td> <td>\$0.0301213 per kWh</td> </tr> <tr> <td>Primary</td> <td>\$0.0294032 per kWh</td> </tr> <tr> <td>69kV/138kV</td> <td>\$0.0285817 per kWh</td> </tr> <tr> <td>230kV</td> <td>\$0.0281375 per kWh</td> </tr> </table> The revised fixed fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021. Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above. The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. against Snook the previous week, and held

"Our defense was able to put great pressure on the quarterback and force them into mistakes which ended up killing their drive," Langley said.

But Langley was aware that his team was again fortunate to win despite some turnovers, including nine fumbles.

"The game was very sloppy with lots of mistakes on both sides. I feel like our kids effort and mental toughness allowed us to finish the game out and withstand some big plays by Hempstead," Langley said.

The Hornets must eliminate offensive turnovers and special teams errors to compete consistently, but the defense "did a great job applying pressure and executing late in the game when we had a one score lead to finish the game out," he said. Caldwell finished with 272 total yards with good balance, including 133 rushing yards and 139 passing yards -- averaging 4.1 yards per carry overall.

Larry Davis led the Hornets in rushing with 11 carries for 74 yards and a touchdown. Aly carried eight times for 44 yards with one TD.

Roehling was 5-8 in passing for 131 yards, including the bomb to Burns, who finished with three catches for 109 yards. Davis had two catches for 30 yards, including the go-ahead touchdown.

Caldwell hosts Lago

LARRY DAVIS CARRIES the ball for Caldwell as David Schoenemann gets ready to block. Caldwell defeated Hempstead 30-22.

Vista this Friday for homecoming Lago Vista is 1-0 after a 22-7 road win at Teague.

Langley said they have 22 seniors, with most of those as starters, and they "will present a challenge in all three phases."

"Their offense is led by a very talented running back that has lots of big plays under his belt and a quarterback that distributes the ball well, can run and is very effective running the option," Langley said.

Defensively, the Vi-

kings rely on a 4-2-5 that brings a lot of pressure, and they pursue the ball well, he said.

DEAUTRE BURNS SCORES on a two-point play for Caldwell.

Lady Hornets sting Burton, Giddings

Begin district on the road Friday in Florence

The Lady Hornets improved to 8-5 for their non-district season with two more wins last week, topping Burton and Giddings.

On Tuesday, Sept. 1, Caldwell hosted Burton, easily beating the Lady Panthers 25-15, 25-11, 25-13.

Head coach Jane Anne Giese said, "We made quick work of them, beating them in one hour."

"Our serve receive looked better and we were in control the entire time."

Senior All-State player Elizabeth See led the Lady Hornet offense with 16 kills and three aces.

Junior setter Alayna Hart also had a good offensive match with 32 assists.

And, Libero Delayni Drgac had a good defensive match with 15 digs.

Massingill	3	0	6	0	0	0
Drgac	3	1	0	3	0	15
Garza	3	1	0	0	0	4
Narro	3	0	0	0	0	6
Hart	3	0	0	32	0	5
Taylor	3	0	12	0	1	2
Hartman	2	0	2	0	0	1
Bowers	2	0	0	0	0	2
Reed	3	0	0	0	0	0
See	3	3	16	0	0	3
Mathis	2	0	0	0	0	0

On Friday, Caldwell was scheduled to play Snook, and Giddings was scheduled to play Iola. Because of cancellations, the Lady Hornets and the Lady Buffs were able to match up, with Caldwell victorious in four sets 21-25, 25-18, 25-23, 25-16.

Giese said, "It truly was a great match to fall into place for us, and I am grateful we were able to get it done."

I knew Giddings would be competitive because we scrimmaged them at the beginning of the season, and they gave us a tough time."

"On Thursday, we made some changes to the lineup and wanted to look at it in a match setting. We dropped the first set to Giddings and looked a little uncomfortable with the new changes," she said.

"Going into the second set, we made some more adjustments, and they happened to work out great. We took the next three sets and won the match."

"I truly felt Giddings had a ton of firepower, but we were able to handle it well."

"I was happy to see us play this way as we step into district," Giese said. See once again was strong at the net with 16 kills.

See had some help from Aliyah Massingill and Macy Taylor on the defensive side of the net -- See and Massingill with three blocks each and Taylor with two.

CHS	21	25	25	25	-3
GHS	25	18	23	16	-1
Player:	SP	Ace	K	Ass	Bk Dig

Caldwell will open district play on Friday at Florence. The varsity will play at 4:30 p.m. and junior varsity will play after.

There is no Freshmen team for Florence.

Next, the Lady Hornets

will travel to Rockdale on Tuesday, Sept. 15.

Then, on Friday, Sept. 18, the Lady Hornets will host Rogers and should be debuting the new Caldwell High School Gym.

CHS JV VB falls to Giddings

The Caldwell JV volleyball team traveled to Giddings last Friday night to take on the Lady Buffs after the Snook Lady Jays canceled their matches last week due to COVID-19.

The Lady Hornet JV suffered a loss in straight sets 20-25, 17-25.

Coach Wendy Weiss said, "The Lady Hornets just never got into their groove and were out of sync the entire match."

"The Lady Hornets just passed out too many unearned points to the Lady Buffs, and were unable to recover," Weiss said.

Stat leaders against Giddings were:

* Aces Lexie Albright, one

* Kills Albright, four; Ashlyn Kellum, four; Aliyah Vela, two

* Digs Andrea Flores, eight; Kellum, seven; Allie Bowers, five; Hope Savage, four; Marina Brinkman, three

* Assists Bowers, 11. Caldwell is now 4-5.

The JV will begin district play at Florence this Friday, Sept. 11 -- immediately after the varsity match which starts at 4:30 p.m.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff -- including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service -- will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service -- Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749 (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7)) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888)-782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

NOTICE OF RATE ORDER AND OF PENALTIES FOR VIOLATION THEREOF

Notice is hereby given that the Board of Directors of Montgomery County Municipal Utility District No. 1 (MUD) has adopted a Rate Order which establishes rates and regulations for the operation of and connection to the District's water, sewer and drainage system. The provisions, requirements and fees for connecting to District facilities, submission of plans, inspection and certification of plumbing and connecting facilities, and obtaining water and sanitary sewer services, including application procedures, and deposits, regulates the quality of wastewater which may be discharged into the District's wastewater collection and treatment system; requires discharges to the District's wastewater collection and treatment system in the event of emergency; the District's wastewater collection and treatment system; provides rates and procedures for billing and collection for services; and for penalties and/or termination of service in the event of emergency or other cause. The Rate Order also provides for the connection of any individual or other water not amenable to biological treatment and includes plumbing and backflow prevention regulations. Violation of any provision contained in the Rate Order will subject the violator to penalties, including termination of services, the assessment of civil penalties of up to \$100,000 per breach and/or the assessment of civil penalties and/or damages resulting from the violation. In addition, the District reserves the right to suspend service to the violator until such time as all legal rights and remedies of the District, including criminal and/or civil prosecution, may be exhausted or permitted under the laws of the State of Texas. The Rate Order is on file at the principal office of the District, Schwartz, Pae & Harding, L.L.P., 1301 West Loop Boulevard, Suite 1400, Houston, Texas 77056, where it may be read in full.

SOUTHEASTTEXAS.COM TO ADVERTISE: Call (855) 722-3900

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 55.203 of the Public Utility Regulatory Act (codified at TEX. UTIL. CODE and Texas (the "Commission") on August 25, 2020, a tariff to implement a revised fixed fuel factor for all of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff, including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service and Street and Outdoor Lighting Service, will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have effect on non-fuel base rates. Entergy Texas requests Commission approval to review the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August. Revised fixed fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 12053.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS	
Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.032213 per kWh
Primary	\$0.034610 per kWh
55KV/138KV	\$0.028567 per kWh
230KV	\$0.026275 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$2.5 million, or 28.4% on an annual basis, compared to the fixed fuel factor approved by the Commission effective March 2020. A residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate increase of 25.0% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate plan provides that the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit off fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next application for rate-of-return proceeding before the Commission. Entergy Texas requests the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at 800 Customer Service - 1 call center, 260 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749) (once you hear "Welcome to Entergy," select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51295 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13295, Austin, Texas 78713-3295, or call (512) 936-7120 or toll-free at (888) 792-8477. NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915. The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS	
Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749 (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7)) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

Elkhart-Grapeland

Continued From Page B1

14. Following an Elkhart timeout, Landon Thomas found a crease in the Grapeland D and slipped into the end zone for the game's first score.

Starr tacked on the extra point and with 7:31 left in the first quarter, the Elks led 7-0.

The Sandies next possession started at their own 28. Wiley picked up eight on first down and then Lamb worked his way across midfield for 23 yards on third-and-two.

Grapeland moved inside the Elkhart 40 on Wiley's eight-yard run but an incomplete and a false start pushed the ball back to the 43. Lamb and Ashford hooked up for seven, but Wiley could only pick up five on a third-and-eight.

The Elks returned the off-sides favor from earlier and added a pass interference call for good measure to set up the Sandies with first-and-10 at the Elkhart 14. After Wiley picked up a yard on first down, Lamb threaded the needle to Ashford for a 13-yard TD to make the score 7-6, with two minutes left in the quarter.

The two point attempt was no good and after the kick-off, Elkhart took possession of the ball at their own 17. Unfortunately, the game was then delayed by lightning for the better part of an hour.

Once the lightning passed, the Grapeland D came back onto the field with a new found determination, held the Elks and forced a punt.

Grapeland took over at their own 41. After two plays gained zero yards, Lamb picked up 22 down to the 19. Wiley pounded the ball inside the 10 and after offsetting penalties, he worked his way down to the one. Lamb took it the rest of the way for six and when the QB found Ashford in the end zone on the two-point conversion, the Sandies led 14-7 with 9:43 left in the first half.

The Elks, however, showed they were not going away anytime soon. Starting at their own 46, Elkhart drove the ball right down the middle of the field as Walker, Wesley Hubert and Taylor Stafford marched the ball down to the Grapeland five. From there, Starr took it across the goal line for six and then

Grapeland's Keizon Ashford hauls in a 13-yard TD pass during the first half of the Sandies' 40-29 win over the Elkhart Elks.

Photo by Will Johnson / Messenger

Elkhart QB Cale Starr drops back to pass before connecting with WR Messiah Birdow for a 48-yard scoring strike to open the second half against the Grapeland Sandies.

added the PAT to tie the game at 14 with 2:56 left in the half.

That left Ashford and the Sandies just enough time to add one more score before the half. On the kick, Ashford made a great return out to the Elkhart 48. On first down, Lamb connected with him for another 23 yards.

After Wiley was held to a one-

yard gain, Lamb hit Ashford on a swing pass and the senior receiver bulled his way for 10 more. If All-State voting was held after Week Two, the effort shown by Ashford on the Sandies' final possession of the half, would put him at the top of the list.

A clipping call pushed the Sandies outside the 20, but a

second interference call gave Grapeland a first down at the 11. From there, Lamb hit Cooper Sheridan for nine and then with 23 seconds left in the half, Ashford took a handoff and burst into the end zone to give Grapeland a 20-14 halftime lead.

Following a short halftime, the Elks opened the second half with possession of the ball at their own 47. On first down, Hubert picked up five. Then, on second down, Birdow got behind the defense and Starr hit him in stride for a 48-yard scoring strike. Starr knocked

home the PAT and just like that, the Elks led 21-20.

It seemed as if momentum had switched sides and was now with Elkhart. On the Sandies next possession, Lamb was picked off. The Elks were unable to do anything with the ball and gave it right back to the Sandies.

Grapeland still appeared shocked and found themselves facing a fourth-and-11 at their own 29. Ashford dropped back to punt and that was when the momentum jumped back to the home side of the field. On the kick, the Elkhart defenders ran into Ashford and were called for roughing the kicker.

The penalty gave the Sandies a first down at their own 43. Lakerian Smith picked up 22 on first down and added another four on the next play. Lamb added 11, Smith slammed his way for eight more and then Ashford, who left the game after the roughing call, walked into the end zone from 12 yards out to pun Grapeland back on top 26-21.

The Grapeland D held the Elks in check on Elkhart's next possession and forced a punt as the third quarter came to a close.

As the fourth quarter got underway, Lamb connected with Riley Murchison for a 25-yard TD at the 10:59 mark of the fourth.

The Elks would make it close as they pulled to within 32-29, but that was as close as they would get thanks to Ashford's clutch reception down the stretch as the Sandies won, 40-29.

On the game, Lamb was 12 of 18 for 184 yards, two TDs and one interception. He also ran the ball nine times for 78 yards and one TD.

Wiley picked up 114 yards on 18 carries and scored a TD, while Ashford carried the ball for 22 yards and two scores.

Ashford also had eight receptions for 110 yards and one TD. Michael Dancer had one reception for 35 yards and Murchison caught one for 24 and a TD.

Will Johnson may be contacted via e-mail at wjohnson@messenger-news.com.

NOTICE OF REQUEST FOR PROPOSALS

COLLIER CONSTRUCTION, LLC, Construction Manager at Risk, is requesting proposals for Lovelady ISD Campus Improvements, Lovelady, Texas. Proposals will be accepted from all vendors/suppliers and subcontractors until 4:00PM(CST), Thursday, October 1, 2020 at the offices of Collier Construction, LLC, located at 1601 Hwy 290 West, PO Box 1889, Brenham, Texas 77834-1889. Phone (979) 836-4477 or fax (979) 836-4940. All vendor/suppliers and subcontractors may submit their bid via email at: bid@collierconstruction.com or via fax at: 979-836-4940 or sealed proposals delivered to Collier Construction's address no later than the receipt time/date listed.

The Owner and Construction Manager at Risk reserve the right to waive any informalities and/or discrepancies in the process and to make awards or reject any and all bids if deemed in the best interest of the Owner.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 TEX. ADMIN. CODE § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915. The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV-138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

NOTICE TO IMPLEMENT REVISED FUEL FACTOR
 Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE and 36 TEX. ADMIN. CODE § 36.203), it filed with the Public Utility Commission of Texas (the "Commission") on August 13, 2020, a tariff to implement a revised fuel factor for all of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fuel factor tariff, including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Small and Outdoor Lighting Service. The revised fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates. Entergy Texas seeks Commission approval to revise the fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fuel factor be changed pursuant to a year-end annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 15205.

The revised fuel factor, differentiated by voltage level, is as follows:

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.002213 per kWh
Primary	\$0.002412 per kWh
500V/33KV	\$0.002867 per kWh
230KV	\$0.002875 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 25.4% on an annual basis. Compared to the fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity each month would see an approximate increase of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fuel factor is a variable rate. Amounts charged to customers for the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on its fuel costs. Amounts charged to affected customers pursuant to the revised fuel factor will be subject to final review by the Commission in Entergy Texas' applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons who wish to participate in this proceeding, or who wish to see Entergy Texas' comments concerning this proceeding, should contact Entergy Texas at 7710 West Loop South, Suite 350, Houston, Texas 77030, or call Entergy Texas at 713.224.6868. Entergy Texas' website at www.enty.com contains information regarding this proceeding. Entergy Texas' website also contains a "Welcome to Entergy" selection option, 1 then press 5, then press 7 [during normal business hours, 8 a.m. to 5 p.m. Central Standard Time] for more information at the address listed above.

The Commission has assigned Docket No. 15205 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to see Entergy Texas' comments concerning this proceeding, should contact Entergy Texas at 7710 West Loop South, Suite 350, Houston, Texas 77030, or call Entergy Texas at 713.224.6868. NOTICE OF SALE

HARRIS COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 159
 (A political subdivision of the State of Texas located within Harris County)

\$8,150,000

Unlimited Tax Bonds, Series 2020

"Qualified Tax-Exempt Obligations"

The Board of Directors of Harris County Water Control and Improvement District No. 159 (the "District") will publicly receive sealed bids on up to \$8,150,000 Unlimited Tax Bonds, Series 2020 (the "Bonds") on Wednesday, September 16, 2020 at 11:30 A.M. Houston Time, at the office of Masterplan Advisors L.L.C., 3 Greenway Plaza, Suite 1100, Houston, Texas 77046. At a Board of Directors meeting on Wednesday, September 16, 2020, at 1:00 P.M. Houston Time, the Board will immediately take action to reject any and all bids or accept the bid resulting in the lowest net interest cost to the District. It is anticipated that said meeting will be held via telephone conference call pursuant to Texas Government Code Section 551.225 as amended, and as modified by the Governor of Texas in the Governor's proclamation on March 13, 2020 concerning the COVID-19 pandemic. If the Governor's proclamation is lifted or expires or if the Governor terminates the partial suspension of the Texas Government Code, Section 551.225, a meeting in a physical location may become necessary. In such case, the Board will conduct the meeting at the District's regular meeting place at the office of Masterplan Advisors L.L.C., 3 Greenway Plaza, Suite 1100, Houston, Texas 77046. Page 4 Handling: L.L.P., 1300 Post Oak Boulevard, Suite 1400, Houston, Texas 77056.

A bid for the Bonds may be delivered to the District electronically, by telephone or delivered directly to the District in a sealed envelope addressed to the "President and Board of Directors, Harris County Water Control and Improvement District No. 159" at the above address of Masterplan Advisors L.L.C. All bidders must submit a signed "Official Bid Form" and a bank cashier's check in the amount of \$81,000 payable to the order of "Harris County Water Control and Improvement District No. 159" as a Good Faith Deposit. Additional terms and conditions related to the submission of a bid for the Bonds are included in the "Official Notice of Sale."

The Bonds will mature serially on September 1, 2022 through 2046 and will be dated October 1, 2020. The "Official Notice of Sale," "Preliminary Official Statement," and "Official Bid Form" may be obtained from the District's Financial Advisor, Masterplan Advisors L.L.C., 3 Greenway Plaza, Suite 1100, Houston, Texas 77046. This notice does not constitute an offer to sell the Bonds but is merely notice of sale of the Bonds as required by Texas law. The offer to sell the Bonds will be made by means of the "Official Notice of Sale," "Preliminary Official Statement," and "Official Bid Form."

Mr. Austin Cox
 President, Board of Directors
 Harris County Water Control and Improvement District No. 159
 Harris County, Texas

Public Media Notification

In May of 2020, Blackbaud, a vendor who was storing Baylor College of Medicine donor information, discovered and reported a ransomware attack. Baylor College of Medicine was later notified on July 16, 2020. According to Blackbaud, in a ransomware attack, cybercriminals attempted to disrupt the business by locking companies out of their own data and servers. After discovering the attack, Blackbaud's Cyber Security team—working with independent forensic experts and law enforcement—successfully prevented the cybercriminal from blocking their system access and fully encrypting files, and ultimately expelled them from their system. Prior to their locking the cybercriminal out, the cybercriminal removed a copy of a subset of data from Blackbaud's self-hosted environment. The cybercriminal did not access credit card information, bank account information, or social security numbers. Because protecting customer data is their top priority, Blackbaud paid the cybercriminal a demand with confirmation that the copy they removed had been destroyed. Based on the nature of the incident, Blackbaud's research and third party (including Blackbaud Security Incident Response) for involved Customers law enforcement investigation, they have no reason to believe that any data went beyond the cybercriminals' use or will be misused, or will be disseminated or otherwise made available publicly.

Although Baylor College of Medicine believes that there is minimal risk to patients or their families based upon the information stolen, state and federal laws require that patients and the media be notified when there has been an unauthorized acquisition of their medical information for over 500 people. Baylor College of Medicine regrets this unfortunate incident and is taking appropriate steps to notify each patient affected and protect the privacy and security of all patient information.

If you have any questions, please call the Baylor College of Medicine Office of Compliance at (877) 547-0580, Monday through Friday between 9:30 a.m. and 4:30 p.m.

BUSINESS

Expert: Auto industry's rebound faces long road

By Dave Boucher
 DETROIT FREE PRESS

It's going to take at least two years for auto manufacturers to restore the sales and production numbers seen before the start of the coronavirus pandemic, an industry expert has told Michigan legislators.

Despite successful efforts from suppliers and manufacturers to keep their doors open and employees safe, staffing shortages and some overall drop in demand means the industry needs to continue to adapt and work collaboratively, said Carla Bailo, president and CEO of the Ann Arbor-based Center for Automotive Research.

"Everyone is predicting this year about 13 billion (vehicles sold); pre-COVID, we were about 17 billion. We expect it's going to take another two years, but that's predicted on a good recovery and continued recovery throughout this year," Bailo said during a legislative hearing Wednesday in Lansing.

"Should we have another hit in the fall, we'll have to adjust those figures. So about two years to come back to where we were," Bailo joined Michigan manufacturers and industry authorities in briefing legislators on the pandemic's impact on the automotive world.

Every speaker agreed the industry's ability to produce personal protective equipment helped save lives and jobs, but there are real and practical problems that are operating during a pandemic will present for the foreseeable future.

The discussion comes as every industry tries to maintain a tenuous grasp on operating during a pandemic. Automotive manufacturing shut down like every other industry in March, even as suppliers and large manufacturers looked for ways to produce vital health and safety equipment to fight COVID-19, the disease caused by the coronavirus.

Any new halt in production, even a short one, would be crippling, said Brian O'Connell, General Motors regional director of state government relations. "The shutdown had a huge impact on our industry and our company. And we cannot afford a shutdown. We cannot afford a week shutdown," O'Connell said.

Demand for new and used vehicles is down, but Bailo said not as much as some expected. Although overall vehicle sales were

Workers on the assembly line at the Ford Chicago Assembly Plant last year. The nation's factories are recovering from a sharp downturn.

down 25 percent, sales of the Michigan mainstay, pickups, are down only 10 percent. At the same time, there are 20,000 fewer jobs in the automotive industry compared to the second quarter of last year. Michigan's jobs in the industry are down 18 percent — Bailo said that's the lowest level since 2009.

There was a lot of doomday forecasts early on, but the automotive industry has stayed resilient and most of the plants have been able to stay open," Bailo said.

Now, GM, Ford Motor Co. and Fiat Chrysler Automobiles say they continue to follow strict testing and quarantining protocols for employees who may be sick or who came in contact with someone who has COVID-19.

The UAW, which represents about 150,000 workers from the Detroit Three, repeatedly advocated for strict safety practices and heralded the manufacturers' recent decision to continue testing employees even if they showed no symptoms of the virus.

Workers must be healthy and feel safe to keep production moving, noted John Walsh, president and CEO of the Michigan Manufacturers Association.

Manufacturing in the state has rebounded some since the start of the pandemic, but as of July, there were about 69,000 fewer Michiganers employed in manufacturing than the 628,000 who had jobs in the industry last year.

While working from

home or virtually may not substantially disrupt other industries, it's essentially not an option for most manufacturers, Walsh said.

"This is going to continue to be an issue. It's a strain on the manufacturing sustainability and keeping the production line running," Bailo said. "You don't have the option to work remotely when you're on the line. And if you're a single parent trying to educate children, that's a significant problem."

GM relies on the safety practices every day, requiring masks at all times while on site, O'Connell said.

"We cannot have an outbreak at our plants. It shuts us down. It shuts our suppliers down. The impact is tremendous on us," O'Connell said.

Legislators and industry leaders highlighted efforts by many companies to produce personal protective equipment. GM and Ford recently announced they provided the federal government with tens of thousands of ventilators, fulfilling the terms of their contracts to build the life-saving machines that were in short supply.

Ford delivered 50,000 ventilators in conjunction with a \$336 million contract. The company also donated 1.5 million masks as part of a free mask initiative led by the governor.

GM plans to donate 2 million masks to Michigan public schools. That's in addition to the 30,000 ventilators it built as part of a \$489 million federal contract.

GM, Honda moving toward a development partnership

By Tom Krisher
 ASSOCIATED PRESS

DETROIT — General Motors and Honda are moving toward an alliance in North America to share vehicle development and technology costs as the industry moves toward electric and autonomous vehicles.

The nonbinding memorandum of understanding was announced Thursday, and the companies say they plan to share vehicle underpinnings as well as engines and transmissions.

It's another sign of increasing consolidation in the automotive business as companies face huge capital outlays to develop current products as well as battery-powered and self-driving vehicles.

"The auto industry has a long history of being pressured by costs and lower (profit) margins," said Edward Jones analyst Jeff Windau. "They're trying to get to the other side here on an expensive vehicle development process, and being able to do that as efficiently as possible."

No details were given on what vehicles would be de-

veloped jointly, but the companies said in a statement that planning work will start immediately and include vehicles powered by electricity and internal combustion engines. Engineering work would begin early next year. They also will cooperate on manufacturing, parts purchasing, research and connected services.

Earlier this year, GM crosstown rival Ford finalized a similar deal with Germany's Volkswagen, while Italian American automaker Fiat Chrysler is heading toward a merger with France's PSA Peugeot early next year.

In the GM-Honda deal, the companies say they'll collaborate on a "range of vehicles sold under each company's distinct brands."

The announcement builds on work the pair have been doing jointly on electric and hydrogen fuel cell vehicles, as well as an autonomous vehicle. In April, the companies announced they would jointly develop two electric vehicles for Honda based on GM's global electric vehicle platform. Windau said the fuel cell work started in 2013, so it's no surprise that the cooperation

would be broadened.

"The alliance will help both companies accelerate investment in future mobility innovation by freeing up additional resources," GM President Mark Reuss said Thursday in a statement. The companies would get "significant synergies," he said.

"We can achieve substantial cost efficiencies in North America that will enable us to invest in future mobility technology, while maintaining our own distinct and competitive product offerings," Honda Executive Vice President Seiji Kurashiki said in the statement.

The alliance would be governed by a joint committee of senior executives from both companies, the statement said.

Windau said the alliance could extend to one company making vehicles for the other at one of its factories in the U.S., where GM has excess manufacturing capacity. It would be relatively simple to build a Honda on a GM assembly line if the vehicles were built on the same platform and had the same powertrains, he said.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

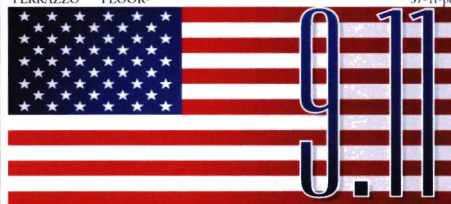

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

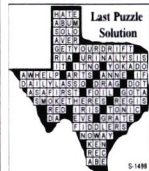

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749 (once you hear "Welcome to Entergy," select option 1, then press 5, then press 7)) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

Small Taxing Unit Notice

Walker County Emergency Services District No. 3 Proposed 2020 Tax Rate

Walker County ESD No. 3 will hold a meeting at 6:30 PM on Friday, September 11, 2020 at Crabbs Prairie Volunteer Fire Department, 28 FM 1696, Huntsville, Texas 77320, to consider adopting a proposed tax rate for tax year 2020. The proposed tax rate is \$0.1000 (10 cents) per \$100 of value. The proposed tax rate would increase total taxes in Walker County ESD No. 3 by 100%, as Walker County ESD No. 3 is a newly-created taxing unit, created pursuant to the election for same on November 5, 2019. Therefore, there have been no prior years' taxes to form the basis of any percentage of tax increase other than 100%.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates. Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915. The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 28.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn. Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their concerns concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY - NOTICE RFFF - DN#51196

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 16.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32015.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivered Voltage	Fixed Fuel Factor
Secondary	\$0.0101213 per kWh
Primary	\$0.0248012 per kWh
69kV-138kV	\$0.0258817 per kWh
230kV	\$0.0281175 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$120.5 million, or 2.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-1349) (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13320, Austin, Texas 78711-3320, or call (512) 936-7120 or toll-free at (888) 782-4477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

INVITATION FOR BIDS ON THE FALLS COUNTY FALLS COUNTY MUSEUM

The proposals are for various items of work to repair hail damage to equipment and the building occupied by the Falls County Museum, 145 Heritage Row, Marlin, TX. 76661. The scope of work will include:

- Installation of edge trim, gutters, and down spouts.
- Installation and repair to the roof

Contractors may propose on the work in its entirety or on specific items.

Falls County will receive sealed competitive proposals until September 25, 2020 at 3:00 p.m. Proposals should be delivered to the County Judge's office by or prior to 3:00 p.m. on September 25, 2020. Proposals will be opened in Commissioner's Court at 9:00 a.m. on September 28, 2020, or the next scheduled Commissioner's Court meeting. Proposals may be hand delivered or mailed to Jay T. Elliott, Falls County Judge, P.O. Box 458, Marlin, Texas 76661, and should be clearly marked on the outside of the envelope what the proposal is for.

The County will select proposals based upon "Best Value". All inquiries and instructions will be issued through the County Judge's office.

The Honorable Jay T. Elliott

CALL 254.883.2554

NOTICE OF REQUIREMENT TO COMPLY WITH THE SUBDIVISION AND SERVICE EXTENSION POLICY OF ELM CREEK WATER SUPPLY CORPORATION

Pursuant to Chapter 13.2502 of the Texas Water Code, Elm Creek Water Supply Corporation hereby gives notice that any person who subdivides land by dividing any lot, tract, or parcel of land, within the service area of Elm Creek Water Supply Corporation, Certificate of Convenience and Necessity No. 10031, in portions of Bell, Coryell, Falls, and McLennan Counties, into two or more lots or sites for the purpose of sale or development, whether immediate or future, including re-subdivision of land for which a plat has been filed and recorded or requests more than two water service connections on a single contiguous tract of land must comply with Non-Standard Service Requirements (the "Subdivision Policy") contained in Elm Creek Water Supply Corporation's tariff.

Elm Creek Water Supply Corporation is not required to extend retail water utility service to a service applicant in a subdivision where the developer of the subdivision has failed to comply with the Subdivision Policy.

Applicable elements of the Subdivision Policy include:

- Evaluation by Elm Creek Water Supply Corporation of the impact a proposed subdivision service extension will make on Elm Creek Water Supply Corporation's water supply system and payment of the costs for this evaluation;
- Payment of reasonable costs or fees by the developer for providing water supply service capacity;
- Payment of fees for reserving water supply capacity;
- Forfeiture of reserved water supply service capacity for failure to pay applicable fees;
- Payment of costs of any improvements to Elm Creek Water Supply Corporation's system that are necessary to provide the water service;
- Construction according to design approved by Elm Creek Water Supply Corporation and dedication by the developer of water facilities within the subdivision following inspection.

Elm Creek Water Supply Corporation's tariff and a map showing Elm Creek Water Supply Corporation's service area may be reviewed at Elm Creek Water Supply Corporation's office, at 603 Ave. E, Moody, Texas; the tariff/policy and service area map also are filed of record at the Public Utilities Commission in Austin, Texas and may be reviewed by contacting the PUC Central Records at 512-936-7180 for assistance.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 TEX. ADMIN. CODE § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff, including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service, will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV-138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS, INC.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

A tax rate of 0.47000 per \$100 valuation has been proposed by the governing body of City of Lott.

PROPOSED TAX RATE	\$0.47000 per \$100
NO-NEW REVENUE TAX RATE	\$0.46004 per \$100
VOTER-APPROVAL TAX RATE	\$0.47740 per \$100
DE MINIMIS RATE	\$3.29107 per \$100

The no-new-revenue tax rate is the tax rate for the 2020 tax year that will raise the same amount of property tax revenue for City of Lott from the same properties in both the 2019 tax year and the 2020 tax year.

The voter-approval tax rate is the highest tax rate that City of Lott may adopt without holding an election to seek voter approval of the rate, unless the de minimis rate for City of Lott exceeds the voter-approval tax rate for City of Lott.

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate for City of Lott, the rate that will raise \$500,000, and the current debt rate for City of Lott.

The proposed tax rate is greater than the no-new-revenue tax rate. This means that City of Lott is proposing to increase property taxes for the 2020 tax year.

A public hearing on the proposed tax rate will be held on September 14, 2020 at 5:45 at Lott Fire Station, 313 W. Gassaway, Lott, Texas 76656.

The proposed tax rate is not greater than the voter-approval tax rate. As a result, City of Lott is not required to hold an election at which voters may accept or reject the proposed tax rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the City of Lott of City of Lott at their offices or by attending the public meeting mentioned above.

YOUR TAXES OWED UNDER ANY OF THE ABOVE RATES CAN BE CALCULATED AS FOLLOWS:

property tax amount = (tax rate) X (taxable value of your property) 100

The members of the governing body voted on the proposed tax increase as follows:

FOR:

Annetta Tindie
Roy Lynn Schon
Dorothy Kohl

David Henning
Shirley Melton
Sue Tacker

AGAINST:

PRESENT and not voting:

ABSENT:

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

The following table compares the taxes imposed on the average residence homestead by City of Lott last year to the taxes proposed to be imposed on the average residence homestead by City of Lott this year:

	2019	2020	Change
Total Tax Rate (per \$100 of value)	\$0.47000	\$0.47000	decrease of \$0.00000 OR 0.00%
Average homestead taxable value	\$54,411	\$54,608	increase of 0.37%
Tax on average homestead	\$162	\$163	increase of \$1 OR 0.57%
Total tax levy on all properties	\$81,493	\$83,044	increase of \$1,551 OR 1.90%

For assistance with tax calculations, please contact the tax assessor for City of Lott at 254-584-2681 or kayci.acherng@co.falls.tx.us, or visit www.co.falls.tx.us for more information.

CITATION BY PUBLICATION No. 19-12-16238 Plaintiff LAKE CONROE VILLAGE PROPERTY OWNERS' ASSOCIATION, INC vs Defendants DANNY WATTS AND LOIS J WATTS, In the 284th Judicial District Court of Montgomery County, Texas

To The Unknown Heirs At Law of Danny Watts Deceased

You Are Hereby Commanded to be and appear before the 284th Judicial District Court of Montgomery County Texas in the Courthouse in the City of Conroe Texas at or before 10 00 o'clock A.M. , of the first Monday after the expiration of forty-two (42) days after this citation is issued and you are hereby commanded and required to appear and file a written answer to Plaintiff's First Amended Petition filed in said Court on the day of August 3 2020 in a suit numbered 19-12-16238 on the docket of said court wherein Lake Conroe Village Property Owners' Association Inc the Plaintiff and The Unknown Heirs At Law of Danny Watts Deceased the Defendants the nature of plaintiff's demand being and the said petition alleging Foreclosure of Association Assessment Liens

Plaintiff Lake Conroe Village Property Association Inc its successors in interest or assigns by and through its attorney of record Kristen Bates of The Strong Firm P.C. 1790 Hughes Landing Blvd Suite 200 The Woodlands Texas 77380 281-367-1222 brought suit against Danny Watts and Lois J Watts Defendants and the Unknown Heirs of Danny Watts to enforce the declaratory judgment on the property located at 16710 E Hammon Montgomery Texas 77385 and legally described as

Lot 69 Block 05 of Lake Conroe Village an addition in Montgomery County Texas according to the map or plat thereof recorded in the Map Records of Montgomery County Texas under Cabinet F Sheet 006B et seq as modified by any supplements thereto or replats thereof

Notice hereof shall be given by publishing this Citation once a week for four consecutive weeks previous to the 28th day of September 2020 in some newspaper published in the County of Montgomery if there be a newspaper published therein but if not then the nearest county where a newspaper is published and this Citation shall be returned on the 2nd day of October 2020 which is forty-two (42) days after the date it is issued and the first publication shall be at least twenty-eight (28) days before said return day

Herein Fail Not but have before said court on said return day this citation with your return thereon showing how you have executed same Issued at the request of Kristen Bates, of The Strong Firm P.C. 1790 Hughes Landing Blvd Suite 200 The Woodlands Texas 77380, 281-367-1222, Bar Number 24073881 I hereby order this citation published in the Daily Court Review for the time specified therein

Published Dates September 2, 9 16 23, 2020

NOTICE TO IMPLEMENT REGULATED FUEL FACTOR

Entergy Texas Inc hereby publishes NOTICE that pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas Fixed Fuel Factor tariff, including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service, will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 129175.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4%, on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Main Customer Service – Fuel Factor, 350 Park Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear "Welcome to Entergy," select option 1, then press 5, then press 7), during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2689.

Texas Commission on Environmental Quality**NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER**

NEW
PERMIT NO. WQ0015880001

APPLICATION AND PRELIMINARY DECISION: Marbac, L.L.C., 9803 Highway 242, Suite 200-134, Conroe, Texas 77385, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015880001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 99,000 gallons per day. TCEQ received this application on April 6, 2020.

The facility will be located at 17431 Farm-to-Market Road 1314 in Montgomery County, Texas 77302. The treated effluent will be discharged to a man-made channel thence to an unnamed tributary thence to West Fork San Jacinto River in Segment No. 1004 of the San Jacinto River Basin. The unclassified receiving water use is minimal aquatic life use for the man-made channel. The designated uses for Segment No. 1004 are primary contact recreation, public water supply and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an anti-degradation review of the receiving waters was performed. A Tier 1 anti-degradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional high or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No

significant degradation of water quality is expected in water bodies with exceptional, high or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afb6c468bbdd630f8168250f&marker=-95.34147%2C30.198416&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Montgomery County Clerk, 210 West Davis Street, Suite 100, Conroe, Texas.

PUBLIC COMMENT / PUBLIC MEETING: You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING: After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number, applicant's name and proposed permit number, the location and distance of your property/activities relative to the proposed facility, a specific description of how you would be adversely affected by the facility in a way not common to the general public, a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence, identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity, provide the information discussed above regarding the affected member's location and distance from the facility or activity, explain how and why the member would be affected, and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requester submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

EXECUTIVE DIRECTOR ACTION: The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST: If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC-105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www14.tceq.texas.gov/epic/Comment/ within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE: For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION: Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/Comment/ or in writing to the Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program Toll Free at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/peg. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Marbac, L.L.C. at the address stated above or by calling Mr. Justin Baca at 713-992-2907.

Five Smart Ways to Prep for Back-to-School Without the Stress

(StatePoint) Whether the new school year means your kids will be heading back to the classroom, learning remotely, or a mix of both, back-to-school will most likely be stressful. Thinking ahead can help prepare everyone for a new way of learning, and simplify the transition from the slow ease of summertime to the bustle of the school year. Follow these tips so that everyone is ready when the first bell rings.

1. **Resume the Routine.** Summer-time schedules are often lax, but a more structured routine is important during the school year. At least a week before classes start, re-establish set bedtimes and mealtimes to ease everyone back into school year habits. Even if children are remote-learning this fall, keep first day of school traditions alive with their favorite breakfast, pictures and a first day of school outfit.

2. **Simplify shopping.** Create a checklist of items you'll need to buy, as well as plan out where you'll make purchases. Check school dress codes and required supply lists before you head out, so you don't have to make multiple trips. In addition to the usual supplies, stock up on extra face masks, personal tissues and hand sanitizer. If your child will be learning virtually, you may want to consider adding items to the list like extra USB chargers and ports, noise-cancelling headphones - to help older siblings concentrate - and even blue light filtering glasses for kids that will be in front of a computer or tablet more than usual.

3. **Set Up a Homework Station.** A dedicated space to store supplies and paperwork is key to staying organized. Let kids take pride in this space so they want to spend time studying there by having them create their own accessories and decorating them to their liking. Duck Tape provides an easy, inexpensive

way to add flair to school gear. Cover notebooks and folders in a favorite Duck Tape design, customize desk organizers and decor with cool on-trend colors, or craft one-of-a-kind creations, like pencil pouches and tablet covers. Available in more than 250 colors, designs and licenses, there's a roll to suit any kid's style.

4. **Stick to the Schedule.** Once the hustle and bustle of the school year kicks into high gear it's important that students, parents and teachers stay on track. Find a unique way to display activities, homework or personal messages to your kids like a "quote of the day." You can use colored tape and chalkboard tape to outline a fun activity chart on a dry erase board or chalkboard easel. In addition to to-do lists and homework assignments, make sure to include outdoor time for recess and opportunities for arts and crafts. At the end of each day, sit together to check off everything that's been completed and help your kids update the schedule for the next day - this way they stay engaged and excited for what's to come.

5. **Label Supplies.** Kids are forgetful and it's easy for supplies to become misplaced or swapped with other children. To ease your mind about your child sharing pencils or accidentally grabbing the wrong backpack, have a night where you sit down and label supplies with colorful Duck Tape. Your child can select favorite colors and customize folders for each subject. If learning from home, this is also a great way to prevent "he stole my pencil" arguments amongst siblings.

For more back-to-school craft projects and DIY inspiration, visit duckbrand.com.

Simple preparations can help your family adjust to a new schedule and new school year.

Good luck to the students returning to school!

Newton County News, Wednesday, September 9, 2020, Page 5

Luke 8:23-25 - 23 As they sailed, he fell asleep. A squall came down on the lake, so that the boat was being swamped, and they were in great danger. 24 The disciples went and woke him, saying, "Master, Master, we're going to drown!" He got up and rebuked the wind and the raging waters, the storm subsided, and all was calm. 25 "Where is your faith?" he asked his disciples. In fear and amazement they asked one another, "Who is this? He commands even the winds and the water, and they obey him."

LEGAL NOTICE

The Commissioners Court of Newton County, Texas will hold a public hearing on the proposed budget for the calendar year 2021 beginning at 10:00 a.m. on September 22, 2020 in the District Courtroom, 2nd Floor, Newton County Courthouse. The 2021 budget will raise more total property taxes than last year's budget by \$363,036 and of that amount \$94,482 is tax revenue to be raised from new property added to the tax roll this year. A copy of the proposed budget is available for inspection by the public in the office of the County Clerk during regular office hours. Included in the 2021 Proposed Newton County Budget will include the following increase in the base pay for elected County officials which is scheduled for approval as part of the budget adoption process.

Constables Cell Phone Allowance	\$40.00 each	\$40.00 each

Also proposed in the 2021 Budget is a 1% salary increase for all regular full-time and regular part-time employees.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 TEX. ADMIN. CODE § 25.235(b), it filed with the Public Utility Commission of Texas (the

Commission) on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 82915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivered Voltage	Fixed Fuel Factor
Secondary	\$0.0901213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear "Welcome to Entergy," select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-1326 or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7116 or use Relay Texas (toll-free) 1-800-735-2989.

PUBLIC NOTICE NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS	
Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285617 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then press 5, then press 7)) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas Inc hereby publishes NOTICE that pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b) it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020 a tariff to implement a revised fixed fuel factor. All of Entergy Texas retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential Small General Service, Large General Service, Large Industrial Power Service and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor if approved will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August with revised fuel factors to be effective with the first billing cycle of the March and September billing months pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor differentiated by voltage level is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020 a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor 350 Pine Street, Beaumont, Texas 77701 or call (1-800-368-3749) (once you hear "Welcome to Entergy" select option 1 then press 5 then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326 or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

Hearing to be held for mitigation block grant

PUBLIC HEARING NOTICE
POLK COUNTY
COMMUNITY DEVELOPMENT BLOCK GRANT MITIGATION
PROGRAM
2015, 2016, AND 2017 STATEWIDE COMPETITION

Polk County will hold a public hearing September 10, 2020 at 5:05 p.m. on Zoom via the following link: <https://meetings.rngcentral.com/j/1494270468> or by dialing 1 (720)-902-7700, extension 149-427-0468 regarding the submission of an application to the Texas General Land Office (GLO) for a Community Development Block Grant Mitigation (CDBG-MIT) grant. The purpose of this meeting is to allow citizens an opportunity to discuss the citizen participation plan, the development of local housing and community development needs, the amount of CDBG-MIT funding available, the amount of CDBG-MIT funds to be utilized to meet the LMI mission objectives, all eligible CDBG-MIT activities, and the use of past CDBG funds. The County encourages citizens to participate in the development of this CDBG-MIT application and to make their views known at this public hearing. Citizens unable to attend this meeting may submit their views and proposals to Jessica Hutchins at 936-327-6849. Persons with disabilities who wish to attend this meeting should contact the County Courthouse to arrange for assistance. Individuals who require auxiliary aids or services for this meeting should contact the County at least two days before the meeting so that appropriate arrangements can be made. AVISO DE AUDIENCIA PÚBLICA
CONDADO DE POLK
PROGRAMA DE MITIGACIÓN DE SUB-VENCIONES EN BLOQUES DE DESARROLLO COMUNITARIO
COMPETICIÓN ESTATAL 2015, 2016 Y 2017

El condado de Polk celebrará una audiencia pública el 10 de septiembre de 2020 a las 5:05 p.m. en Zoom a través del siguiente enlace: <https://meetings.rngcentral.com/j/1494270468> o marcando 1 (720)-902-7700, extensión de acceso 149-427-0468 con respecto a la presentación de una solicitud a la Oficina General de Tierras de Texas (GLO) para una subvención de Mitigación de Subvenciones en Bloque de Desarrollo Comunitario (CDBG-MIT). El propósito de esta reunión es brindar a los ciudadanos la oportunidad de discutir el plan de participación ciudadana, el desarrollo de necesidades locales y las necesidades de desarrollo comunitario, la cantidad de fondos CDBG-MIT disponibles, la cantidad de fondos CDBG-MIT que se utilizarán para cumplir con el Objetivo nacional de LMI, todas las actividades elegibles de CDBG-MIT y el uso de fondos anteriores de CDBG. El condado anima a los ciudadanos a participar en el desarrollo de esta aplicación con CDBG-MIT y a dar a conocer sus puntos de vista en esta audiencia pública. Las personas que no puedan asistir a esta reunión pueden enviar sus opiniones y propuestas a Jessica Hutchins al 936-327-6849. Las personas con discapacidades que deseen asistir a esta reunión deben comunicarse con el Palacio de Justicia del Condado para coordinar la asistencia. Las personas que requieran auxilios o servicios auxiliares para esta reunión deben comunicarse con el Condado al menos dos días antes de la reunión para que se puedan hacer los arreglos necesarios. Para más información en español, comuníquese con el Condado al (936) 327-6813. (37-1-B)

PUBLIC NOTICE

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE, and 16 Tex. Admin. Code § 25.235(b)), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billings, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749) (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

Request for Statements of Qualification

RFQ 20-041YS
HISTORIC PRESERVATION PROFESSIONAL SERVICES FOR HISTORIC RESOURCES SURVEY PLAN, HISTORIC RESOURCES SURVEY, AND HISTORIC PRESERVATION PLAN

Dear Vendors:

You are invited to submit a statement of qualifications in accordance with RFQ 20-041YS. Historic Preservation Professional Services for Historic Resources Survey Plan, Historic Resources Survey, and Historic Preservation Plan. Jefferson County is requesting statements of qualifications from Historic Preservation Firms.

All interested individuals and firms should obtain a "Request for Qualifications" packet from the Jefferson County website at <https://www.co.jefferson.tx.us/Purchasing/>

All submittals shall be evaluated by a Review/Selection Committee. The Review/Selection Committee will evaluate submissions to this request and select the firm most qualified, responsive, and experienced.

Responses are to be sealed and addressed to the Purchasing Agent with the request for qualifications number and name marked on the outside of the envelope or box. All responses shall be submitted with an original and five (5) copies, to the Jefferson County Purchasing Department, 1145 Pearl Street, 1st Floor, Beaumont, Texas 77701, no later than 11:00 am CT Wednesday, November 4, 2020. Jefferson County does not accept responses submitted electronically. Responses will be publicly opened and the names of responding firms will be read aloud in the Jefferson County Engineering Department Conference Room (5th Floor, Historic Courthouse) 1145 Pearl Street, Beaumont, Texas 77701 at the time and date below. Statements of Qualifications received after that time will be considered late and will be returned unopened. Inquiries shall be directed to Yea-Mei Sauer, Contract Specialist, ysauer@co.jefferson.tx.us

REQUEST NAME: HISTORIC PRESERVATION PROFESSIONAL SERVICES FOR HISTORIC RESOURCES SURVEY PLAN, HISTORIC RESOURCES SURVEY AND HISTORIC PRESERVATION PLAN

REQUEST NO. RFQ 20-041/YS

DUE DATE/TIME: 11:00 am CT Wednesday, November 4, 2020

MAIL OR DELIVER TO: Jefferson County Purchasing Department, 1145 Pearl Street, 1st Floor, Beaumont, TX 77701

Jefferson County encourages Disadvantaged Business Enterprises to participate in the qualifications submission process. Jefferson County does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provisions of services. Individuals requiring special accommodations are requested to contact our office at 409-835-8503 to make arrangements no later than seven (7) calendar days prior to the submittal deadline. Jefferson County reserves the right to accept or reject any or all proposals, to waive technicalities and to take whatever action is in the best interest of Jefferson County.

We look forward to your active participation in this solicitation.

Sincerely,
Deborah L. Clark, Purchasing Agent

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915. The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS	
Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3749 (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7)) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

OPINION

Boseman rose to legendary stardom

It was a text I didn't expect to read. I had just finished hanging out with my friend, Richard and was driving home when I received a text from him just minutes after we went our separate ways. The text read, "Chadwick Boseman died."

At first, I wondered if it was a celebrity death hoax, and was certainly hoping it was.

Sure enough, it was no hoax. The young actor who rose to stardom as T'Challa, the Black Panther in the 2018 film "Black Panther" and "Avengers: Infinity War," and the 2019 film "Avengers: Endgame," passed away at the age of 43 because of complications from colon cancer.

Boseman rose from humble beginnings in Anderson, South Carolina. He attended Howard University and became a mentor of one of his professors — Phylicia

Rashad. Yes, the same Phylicia Rashad of "The Cosby Show" fame, who also played the widow of Apollo Creed in the Creed movie series starring, Boseman's Black Panther co-star, Michael B. Jordan. One summer during Boseman's time at Howard, he and some classmates were invited to attend the Oxford Mid-Summer Program of the British American Drama Academy in London.

Funds were tight, but Rashad made a call to Denzel Washington, who helped fund the trip for Boseman and his classmates. Boseman was forever grateful to Washington, who said during an awards ceremony that "There is no Black Panther without Denzel Washington."

While Boseman rose to stardom with his role as T'Challa, the Black Panther, his most notable role was Black Panther. His first appeared as Black

Panther in the Marvel Cinematic Universe film "Captain America: Civil War" which was released in 2016. After popular demand, MCU released a self-titled film "Black Panther" in February 2018. The film cemented Boseman as a Hollywood legend.

While widely popular among the African-American community, Black Panther traits ended into a role that people of every race and ethnicity admired. My six-year-old has a Black Panther costume and includes Black Panther — as well as other Marvel and DC Comics superheroes — in his prayers.

Boseman's death shocked many, including former President Barack Obama. The 44th President tweeted the following about Boseman, "To be young, gifted and Black, to use that power to give the masses to look up to, to do it all while in pain — what a

use of his years."

Boseman proved to be a private person as well. From 2016 to his death on Aug. 28, the young star battled colon cancer.

One of my favorite roles that Boseman played was the role of Vontae Mack in the 2014 film, "Draft Day." Mack was a linebacker at Ohio State who shocked the world when he was selected No. 1 overall in the 2014 NFL Draft.

The irony behind Boseman's role in the film was his character's sister died of cancer. Kevin Costner co-starred with Boseman in the film as well.

Boseman touched many lives in his 43 years of life, and his legacy will continue to do the same. In the spirit of MCU, Wakanda Forever.

Jason Chlapak is the Editor of the San Jacinto News-Times.

Texas psychologists raise awareness, share resources on suicide prevention

Texas Psychological Association highlights role of Telehealth in prevention during COVID-19

AUSTIN — Texas psychologists are sharing resources and emphasizing the benefits of telehealth

in supporting Texans' mental health needs during September as the state and nation observe Suicide

Prevention Month. "Amidst the COVID-19 pandemic, Texans are self-quarantining, attending

school virtually, and working from home, and many Texans are dealing with

unemployment or other financial hardships. These factors can potentially impact our mental health and be a contributing factor for suicide risk," said Megan Mooney, Ph.D., President of the Texas Psychological Association.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas Inc. hereby publishes NOTICE that pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b) it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff — including but not limited to Residential Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service — will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor differentiated by voltage level is as follows:

FACTOR BY VOLTAGE LEVELS	
Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service — Fuel Factor, 350 Pine Street, Beaumont, Texas 77701 or call (1-800-368-3749) (once you hear "Welcome to Entergy," select option 1 then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

Area schools make changes to district schedules

By Dannie Oliveaux
editor@silsbeebee.com

After some schools in District 22-4A suffered damage during Hurricane Laura on Aug. 27, some changes have been made to Silsbee and Lumberton's volleyball schedule with several Saturday games.

Schools suffering damage were Little Cypress-Mauriceville, Bridge City, Orangefield and West Orange-Stark.

Silsbee head coach Bridgett Hicks made some minor changes to the Lady Tigers' schedule. They were scheduled to open the District 22-4A slate at Orangefield on Sept. 8, but will play at Woodville.

The Orangefield game was moved to Saturday, Sept. 19.

Silsbee was to play Bridge City in 22-4A action on Sept. 15, but the game was moved to Saturday, Oct. 3.

Lumberton head coach Shelly Harris announced the changes for the Lady Raiders.

Instead of traveling to Little Cypress-Mauriceville to open up district play on Sept. 8, the Lady Raiders hosted Evadale in a non-district outing. They

will travel to LC-M on Saturday, Sept. 19.

On Sept. 11, Lumberton was set to host Vidor in 22-4A action, but will play at Class 3A powerhouse Hardin. The Lady Raiders will host Vidor on Saturday, Sept. 26.

The Lady Raiders had Orangefield schedule for a Sept. 15 home game, but the game was moved to Saturday, Oct. 3.

Sept. 4

LUMBERTON 3, KIRBYVILLE 1 — In non-district play at home, the Lady Raiders took the first two sets, 25-10 and 15-24, before losing in the third, 25-23. They closed out the game, 25-12. Ocean Ling had 9 kills and Caitlin Hood recorded 7. Ivy Lee registered 18 digs and Hood added 17. Mary Lombardo and Jordan Ward each served 3 aces.

HAMSHIRE-FANNET at SILS-BEE — No score reported. JASPER at KOUNTZE — No score reported.

Sept. 3

BUNA 3, EVADALE 0 — The Lady Rebels lost a non-district encounter at home against the Class 3A Lady Cougars. Buna

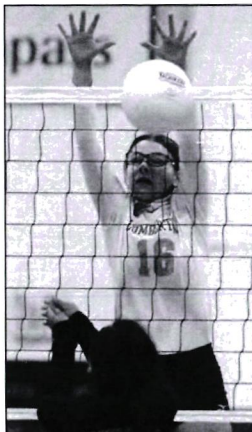

PHOTO BY BRENT GUDRY / SILS-BEE
Lumberton's Emily Taylor (16) blocks a kill attempt by a Kirbyville hitter.

won 25-18, 25-20 and 25-17. EHS finished with 17 kills, 17 assists, 4 blocks and 4 aces.

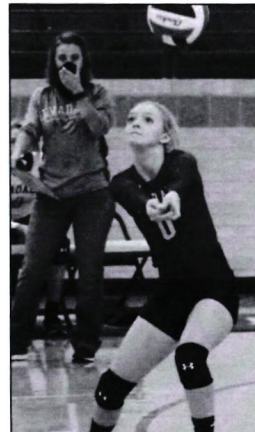

PHOTO BY DANNIE OLIVEAUX / SILS-BEE
Evadale libero Madison Cole (0) comes up with the ball during a Buna serve.

Sept. 1

COLMESNEIL 3, KOUNTZE 0 — The Lionettes lost a non-dis-

trict road game against the 2A Lady Bulldogs. SILS-BEE at HUFFMAN-HAR-GRAVE — No score reported.

Small Taxing Unit Notice

THE CITY OF KOUNTZE will hold a meeting at 4 p.m. on September 17, 2020 at Kountze City Hall, 1025 N. Pine St., Kountze, Texas 77625 to consider adopting a proposed tax rate for tax year 2020. The proposed tax rate is \$0.403204 per \$100 of value. The proposed tax rate would increase total taxes in CITY OF KOUNTZE by 6.91% . 371

Legal Notice

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1-800-368-3748) (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS, INC.

FOOTBALL | Tigers' JV falls to Jasper

The Silsbee junior varsity football team lost to Jasper, 26-8, on Sept. 3 at home.

The Bulldogs took a 12-0 lead at halftime and were at the 8-yard line when the first half ended. Jasper added another touchdown and 2-point conversion in the third for a 20-0 margin. Silsbee's lone score came midway in the third

quarter when Ashton Cartwright caught a 55-yard TD pass for a touchdown. The 2-point conversion ran failed.

The Bulldogs added another score in the quarter.

Early in the fourth, Silsbee had Jasper pinned deep in their own territory. Instead of punting, Jasper ran back into the end zone for a intentional safety.

NOTICE

The City Council of the City of Silsbee will hold a Public Hearing on Monday, September 21, 2020 at 5:30 p.m. at 1220 Hwy 327 East, Silsbee, Texas, City Hall/Council Chambers to hear Public Comment on the following:

FY 2020-2021 Proposed City Annual Budget

This budget will raise more revenue from property taxes than last year's budget by an amount of \$96,693.00 which is a 7.28 percent increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$17,632.00.

Property Tax Rate Comparison

	2020-2021	2019-2020
Property Tax Rate	\$0.445000/100	\$0.440000/100
No New Revenue (NNR) Tax Rate	\$0.418910/100	\$0.423648/100
Effective Maintenance & Operations Tax Rate	\$0.418910/100	\$0.423648/100
Voter Approval (VAR) Tax Rate	\$0.476896/100	\$0.457539/100
Debt Rate	\$0.000000/100	\$0.000000/100

Total Debt Obligation for the CITY OF SILS-BEE secured by property taxes: \$0

Following the Public Hearing the City Council will hold a meeting at 6:00 p.m. to vote on the 2020-2021 Proposed Budget and the 2020 Proposed Property Tax Rate.

Kountze, TX 77625

By: JENNIFER SPELL, DEPUTY CLERK. 371

Tigers

From page 1B

"We were in a position to take the ball and take the lead at the end of the half," said Smith. "When lightning struck, Jasper was about to punt us back the ball."

Smith pointed out that Jayce Jones, Kadin Stone, and Marcus Dodd played well in their first varsity game.

Smith said the running backs would continue to get better and Lockett ran the ball well in the second quarter.

Up next

Friday, Sept. 11
Lumberton (0-1)
at Silsbee (0-0)

While the Tigers had their season-opening game shortened by lightning, the Raiders fell at home to Class 3A Cold-spring-Oakhurst, 27-25.

Hopefully, this week, Silsbee will be able to get a full four quarters of football under their belts.

"Lumberton is very well-coached," said Smith. "Coach (Chris) Bahin always does a good job against us. This will be a tough game."

Lumberton will bring their spread offense to Tiger Stadium.

Smith noted the Raiders are "very good" on offense.

"I'm impressed with the quarterback (Drake Boykin) and the multiple looks on offense. They always play sound defense and run to the ball."

The Raiders' key will be slowing down the Tigers' multi-set offense with Foster, Jones and Lockett.

Lions

From page 1B

touchdown of the game on a 20-yard pass to Hayden Emory for a final score with the extra point.

Read finished with 83 yards on eight carries. Hamilton had 40 yards on four tries and Whisenant added 29 yards on 10 totes. Read also completed 4 of 11 passes for 48 yards.

Kountze head coach Todd Paine said he felt like his team played pretty good considering all that we have been through.

"Our defense played exceptionally well all night long," said Paine. "Offensively we sort of shot ourselves in the foot early on and sputtered but got things rolling a bit in the second half. The defense gave us a short field several times. Special teams looked good, and we kicked the ball well and had several long punt returns."

Paine noted Dawson Williford and Taylor Jones anchored the defensive line, while Matt Walters and Zach Paine performed well at their rover positions and Reese controlled the secondary.

The Lions held West Hardin to 87 offensive yards and forced three fumbles.

Up Next

Friday, Sept. 11
Tenaha (0-1)
at Kountze (1-0)

Last week, the Tenaha Tigers (District 11-2A D2) lost by double forfeit to Arp at home.

Paine said Tenaha will definitely be athletic and have some speed on both sides of the ball. "We're hoping our size and conditioning can slow and wear them down," said Paine.

The Tigers returned four offensive and five defensive starters back for coach Jeremy Jenkins.

Last season, Jeremy Patton ran for more than 820 yards and 8 TDs, and caught 16 passes for 257 yards and 2 TDs for the Tigers. Dylan Caloway led the defense with 70 tackles in 2019.

Julia's Tidbits | By Julia McMichael

Labor Day good for not laboring

Monday was Labor Day and it was a beautiful day to do nothing. I am so excited that we are going to have a cold front this week, with the temperature supposed to be 33 degrees during the day. However, with this cold front what am I supposed to do with it?

Go to Montana, Arizona, or Florida? My neighbor was going to Montana, and now has to delay her visit because the weatherman is predicting snow there.

We had a beautiful weekend and the grand opening at the Trinity Supply was awesome. The Trinity Peninsula.

Chamber of Commerce held a ribbon cutting ceremony at 10 a.m. and many dignitaries were in attendance. The members of the city council were there, as was the Mayor of Trinity, Wayne Huffman, directors from the

Chamber board, and Larry Grant, President of the Trinity County Crime Stoppers. In addition, Precinct 3 Commissioner Nal Smith attended the ceremony and his sons were gracious enough to take pictures of this occasion which will appear in this issue of the newspaper.

We are so lucky we are still having growth in our community despite the corona virus. Along with the Ribbon Opening.

The Soapys Suds and the new R V park, have opened. After the ribbon cutting ceremony Saturday, I had breakfast at Trinity Cafe. I had a Spanish Omelette, and it

was superb. This week is the happy anniversary of Deleores and Roland Kane, owners of Trinity Cafe. They have been married for 40 years. What an awesome couple.

There are a lot of events that are scheduled to take place in the next three months, and I will report them each week and hopefully not have to cancel any of these due to the corona virus. First, I want to tell you that a lot of people have asked me if I am going to have the Trinity Peninsula Chamber of Commerce Christmas Show at Old Red this year.

The answer is yes at this time, but we have still plenty of time to re-schedule if necessary. The first event I have listed in September is a class sponsored by the Men's Ministry of the First United Methodist Church on Saturday, Sept. 12, to obtain a License to Carry. The class will start at 8 a.m. and end at noon.

The cost is \$50 per person. Participants must provide their own gun and 30 rounds of ammunition.

The Church is located at 131 North Elm Street. For more information, please call 936-933-0852. For reservations, please call 936-994-3826.

The second event in September is the VFW 100-Year Birthday Celebration. This will take place at 400 Caroline Street, from 11 a.m. until 3 p.m. The VFW Post 6899 and Auxil-

ary will host a tour, a free lunch, and a program. This celebration is for the Veterans, their families, and the citizens of Trinity. For more information please call Judy Henderson at 512-934-4336.

Lastly, there is a Church Wide Rummage Sale hosted by the First United Methodist Church of Trinity at 131 North

Elm Street in the Fellowship Hall Sept. 24-26, from 8 a.m. until 5 p.m. each day. The public is invited.

I saw advertised in the PostScript Magazine that the Fair on the Square is still scheduled for Oct. 2-4. For information you can call the Walter County/Huntsville Chamber of Commerce and ask for Ray Hernandez. Also, Oct. 2-3, 2020, the VFW is hosting their Garage Sale at 400 Caroline Street from 8 a.m. until 4 p.m. on both days. You can call Judy for this information also at 512-934-4336.

Now for the activities in November. As you know November is our Veterans special holiday and we have a lot of events planned for this month.

As organizations email their events, I will relay them to you, including the upcoming school events.

First the Burning Hop, Baptist Church is hosting a Veterans Appreciation Banquet on Nov. 7, from 4:30-8:30 p.m. The focus of the event is to honor Veterans both alive and deceased by showing gratitude, instilling hope, and showing that the community appreciates those who have served. The goal behind the focus is to

provide resources that many veterans do not know about. A resource table full of pamphlets, flyers, and packets will be the main priority in response to this celebration of our veterans.

The banquet location is Burning Hop, Baptist Church on FM 1356 who will be cooking the BBQ and sides, and providing Patriotic Music. There will be door prizes given away which a slide show is presented.

Donations for this event can be sent to Veterans Appreciation Banquet at P.O. Box 1972, Trinity, Texas 75862.

Marilyn Barnes and Ashley Loyless are coordinating this event, and they can be reached at 281-782-8309 (Marilyn) and 936-435-4962 (Ashley). Sign-up sheets will be placed in local businesses so that the church can get an accurate head count for the food. The public is invited to donate and participate.

The VFW Post 6899 and Auxiliary are hosting a Craft Fair at 400 Caroline Street on Nov. 21, from 8 a.m. until 5 p.m. on that Saturday. Please call Judy Henderson for more information at 512-934-4336 for this event also.

If we get to have our Christmas Show at the Crossroads, or Old Red School House, and if you participate in the Craft Show at the VFW in November all vendors will receive a free booth space for our Christmas Show for the dual participation.

Well this is all I know for now. Fred and Ginger are back, so, you soon. Julia

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas Inc hereby publishes NOTICE that pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020 a tariff to implement a revised fixed fuel factor. All of Entergy Texas retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August with revised fuel factors to be effective with the first billing cycle of the March and September billing months pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor differentiated by voltage level is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1,000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February, 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701 or call (1-800-368-3749) (once you hear "Welcome to Entergy" select option 1 then press 5 then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326 or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS INC

From The Editor's Desk

Boseman rose to legendary stardom

It was a text I didn't expect to read.

I had just finished hanging out with my friend, Rashad, and was driving home when I received a text from him just minutes after we went our separate ways. The text read, "Chadwick Boseman died."

At first, I wondered if it was a celebrity death hoax, and was certainly hoping it was.

Sure, enough, it was no hoax. The young actor who rose to stardom as Jackie Robinson in the 2013 film "42" and Black Panther in the 2018 film "Black Panther" and "Avengers: Infinity War," and the 2019 film "Avengers: Endgame," passed away at the age of 43 because of complications from colon cancer.

Boseman rose from humble beginnings in Anderson, South Carolina. He attended Howard University and became a mentor of one of his professors — Phylicia Rashad. Yes, the same Phylicia Rashad of The Cosby Show fame, who also played the widow of Apollo Creed in the Creed movie series starring Boseman's Black Panther co-star, Michael B. Jordan. One summer during Boseman's time at Howard, he and some classmates were invited to attend the Oxford Mid-Summer Program of the British American Drama Academy in London.

Funds were tight, but Rashad made a call to Denzel Washington, who helped fund the trip for Boseman and his classmates. Boseman was forever grateful to Washington, who said during an awards ceremony that, "There is no Black Panther without Denzel Washington."

While Boseman rose to stardom through his role as Jackie Robinson in 42, his most notable role was Black Panther. He first appeared as

Black Panther in the Marvel Cinematic Universe film "Captain America: Civil War," which was released in 2016.

After popular demand, MCU released a self-titled film "Black Panther" in February 2018. The film cemented Boseman as a Hollywood legend.

While widely popular among the African-American community, Black Panther transcended into a role that people of every race and ethnicity admired. My six-year-old has a Black Panther costume and includes Black Panther — as well as other Marvel and DC comic superheroes — in his prayers.

Boseman's death shocked many, including former President Barack Obama. The 44th President tweeted the following about Boseman, "To his young, gifted, and Black, to use that power to give them heroes to look up to, to do it all while in pain — what a use of his years."

Boseman proved to be a private person as well. From 2016 to his death on Aug. 28, the young star battled colon cancer.

One of my favorite roles that Boseman played was the role of Montae Mallik in the 2014 film "Draft Day." Mallik was a linebacker at Ohio State who shocked the world when he was selected No. 1 overall in the 2014 NFL Draft.

The irony behind Boseman's role in the film was his character's sister died of cancer. Kevin Costner co-starred with Boseman in the film as well.

Boseman touched many lives in his 43 years of life, and his legacy will continue to do the same. In the spirit of MCU, Wakanda Forever.

Entergy Texas files notice with PUC to implement Revised Fixed Fuel Factor

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 52915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS	
Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281575 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call [1-800-368-3749 (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7)] during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS, INC.

Betty J. Bennett and unknown heirs of Betty J. Bennett served with notice

DEMAND NOTICE

Demand is hereby made to Betty J. Bennett and any unknown heirs of Betty J. Bennett, owners of an undivided one-half interest in the following property, by Patricia A. Bartkowiak and Roy McKean for reimbursement of ad valorem property taxes paid for the property at 282 CR 3160, Colmesneil, Texas 75938, legally described as Lot No. M-20 on Frog Pond Lake, Tyler County, Texas, and being more particularly described by metes and bounds in the Deed dated September 10, 1992, recorded in Volume 532, Page 812, et seq., in the Official Public Records of Tyler County, Texas incorporated herein for all purposes. Any person may contact Patricia A. Bartkowiak and Roy McKean c/o Thomas D. Fortenberry, Attorney at Law, P.O. Box 1567, Cedar Park, Texas 78613, (409) 285-2811, tom@tfflawoffices.com (37-41-b)

APPLICATION East Texas Electric Cooperative, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 91823, which would authorize continued operation of the Woodville Renewable Power Project located at 1580 County Road 1020, Woodville, Tyler County, Texas 75797. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.749166&lng=-94.436111&zom=13&type=r>. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, hazardous air pollutants, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, lead and sulfur dioxide.

This application was submitted to the TCEQ on August 18, 2020. The application will be available for viewing and copying at the TCEQ central office, TCEQ Beaumont regional office, and the Allan Shivers Library, 302 North Charlton Street, Woodville, Tyler County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Beaumont regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of permits by rule related to this permit. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. **If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided.** According to the Texas Clean Air Act § 382.056(c) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/epr/crComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from East Texas Electric Cooperative, Inc., P.O. Box 631623, Nacogdoches, Texas 75963-1623 or by calling Mr. L. A. Williams, Director of Engineering, at (936) 560-9532.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.0301213 per kWh
Primary	\$0.0294032 per kWh
69kV/138kV	\$0.0285817 per kWh
230kV	\$0.0281375 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call [1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then press 5, then press 7)] during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS, INC.

Brookshire Municipal Water District Notice of Public Hearing on Tax Rate

The Brookshire Municipal Water District will hold a public hearing on a proposed tax rate for the tax year 2020 on the 21st day of September, 2020, at 6:00 p.m., via telephone conference call, at 4004 6th Street, Brookshire, Texas and via telephone conference call pursuant to Texas Government Code, Section 551.125, as amended, and as modified by the temporary suspension of various provisions thereof effective March 16, 2020, by the Governor of Texas in accordance with the Texas Disaster Act of 1975, all as related to the Governor's proclamation on March 13, 2020, certifying that the COVID-19 pandemic poses an imminent threat of disaster and declaring a state of disaster for all counties in Texas. The telephone conference call phone number is 713-955-6338 and the Conference ID is 2371225#. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the tax rate that is adopted.

FOR the proposal: Edith Penrice-Kelley, Albert Wilkins, Stephanie Harris-Green and Havanaugh Glover

AGAINST the proposal: None

ABSENT: Victor Alardin

PRESENT and not voting: None

The following table compares taxes on an average residence homestead in this taxing unit last year to taxes proposed on the average residence homestead this year.

	Last Year	This Year
Total tax rate (per \$100 of value)	\$0.018/\$100	\$0.015/\$100 Proposed
Difference in rates per \$100 of value		-\$0.003/\$100
Percentage increase/decrease in rates (+/-)		-0.083%
Average Homestead value	\$113,007	\$128,178
General Exemptions available (excluding senior Citizen's or disabled person's exemptions)	N/A	N/A
Average taxable value	\$113,007	\$128,178
Tax on average residence homestead	\$20.34	\$19.22
Annual increase/decrease in taxes if proposed tax rate is adopted (+/-)		-\$1.12
And percentage of increase (+/-)		0.00%

NOTICE OF VOTE ON TAX RATE

If the district adopts a combined debt service, contract, and operation and maintenance tax rate that would result in the taxes on the average residence homestead increasing by more than 8 percent, the qualified voters of the district by petition may require that an election be held to determine whether to reduce the tax rate adopted for the current year to the voter-approval tax rate in accordance with the procedures provided by Texas Tax Code, Sections 26.075 and 26.018. The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

GENERAL HELP

THE JOHN COOPER SCHOOL IS HIRING FOR THE BELOW POSITIONS:

Interested candidates should send an email to humanresources@johncooperschool.org to request an application.

Custodians:

A full-time position with benefits. M-F 4:30pm to 10:30pm year-round. Hours may occasionally vary based on the school's need. Perform general cleaning and janitorial duties in the common areas, classrooms, and offices. It is important for a custodian to be careful and thorough in working cleaning and having the school premises. The ideal candidate would be experienced in a custodian role focused on building upkeep. They would have physical endurance and a keen eye for detail.

Extended Day Staff:

A part-time seasonal position. 2:30pm to 5:30pm during the school year. Hours may occasionally vary based on the school's need. Extended Day Staff supervise groups of children (Peak 5th grade) in a variety of settings, such as playgrounds, multipurpose rooms, gymnasiums and classrooms. Planning, preparing and implementing age appropriate activities, such as arts and crafts, sports, games, are part of The Extended Day Staff duties.

Substitute Teachers:

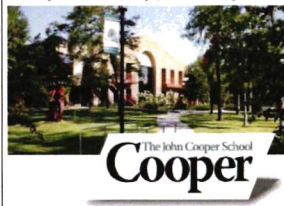

A part-time seasonal position. 2:30pm to 5:30pm during the school year. Hours may occasionally vary based on the school's need. Extended Day Staff supervise groups of children (Peak 5th grade) in a variety of settings, such as playgrounds, multipurpose rooms, gymnasiums and classrooms. Planning, preparing and implementing age appropriate activities, such as arts and crafts, sports, games, are part of The Extended Day Staff duties.

Hiring is conditional upon the completion of a background and reference check. All candidates selected for an interview will receive communication through e-mail. A valid working email address is required to complete the process. Candidates selected for hire will need to meet with the Human Resources Director and present documents for the I-9 form. Typical documents are: a valid passport, social security card and driver's license. To view the list of acceptable documents please go to: <http://www.uscis.gov/i-9-central/acceptable-documents>.

Interested candidates should send an email to humanresources@johncooperschool.org to request an application or send a resume.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Energy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.013 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE and 36 TEX. ADMIN. CODE § 25.25A), a tariff to implement a revised fixed fuel factor. All of Energy Texas, retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff - including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service and Street and Outdoor Lighting Service - will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Energy Texas and will have no effect on non-fuel rate rates. Energy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Energy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 12025.

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.031213 per kWh
Primary	\$0.024810 per kWh
69kV/138kV	\$0.029887 per kWh
230kV	\$0.028375 per kWh

The revised fuel factor would result in an increase in Energy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million or 25.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$0.64 on average per month on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Energy Texas to serve customers. Energy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to their review by the Texas Public Utility Commission. Energy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020. Persons with questions or who want more information on this petition may contact Energy Texas at Attn: Customer Service - Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call (1) 800-366-1749 (once you hear the recorded message, press 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 21295 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P. O. Box 12256, Austin, Texas 78711, 3325 or call (512) 936-7120 or toll free at (888) 782-4477. Hearing and specific interested individuals with fuel loadings (1) 711 or call (512) 936-7138 or use Relay Texas (toll free) 1-800-735-2699.

Stop PPE Litter in Texas

By Jake Smith
Jacob.Smith@TxDOT.gov

With a growing number of discarded face masks, gloves and sanitizing wipes found littering roadways and parking lots, Don't mess with Texas called on the help of some celebrity friends to remind fellow Texans that the only safe way to dispose of used Personal Protective Equipment (PPE) is in a trash can.

Oscar winner and Minister of Culture/M.O.C. Matthew McConaughey and country music legend George Strait are lending their voices to new video public service announcements (PSAs) that urge Texans to clean up their act, including proper disposal of used PPE. The

PSAs will air on TV networks, cable channels and digital platforms starting this week. Other Texas celebrities joining McConaughey and Strait in raising awareness about the issue are Mark Cuban, Eva Longoria, Marsai Martin, Ally Brooke and Brittany Broski. Each are using their social media channels to share a personal video message reminding followers that Don't mess with Texas means don't litter.

"Unfortunately, we're seeing a significant uptick in the amount of PPE litter. Not only is it unsightly, it is also harmful to the environment and a danger to public health," said Becky Ozuna, program administrator for the Don't mess with Texas

campaign. "When you're done with your masks, gloves and wipes, do the right thing and dispose of them properly. This simple action helps keep Texas clean and safe."

To promote pride in keeping Texas litter-free, Don't mess with Texas cloth face masks are now available for purchase at Texas highways, in the Mercantile shop. The masks are washable and reusable, and include a pocket for a filter to be inserted.

Approximately 362 million pieces of litter accumulate on Texas roads every year with items discarded from vehicles accounting for half of all litter. It is illegal to litter in Texas. Those who are caught littering can face a fine of \$500. If the tossed litter

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in Tex. Util. Code) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS		
Delivery Voltage	Fixed Fuel Factor	
Secondary	\$0.0301213	per kWh
Primary	\$0.0294032	per kWh
69kV/138kV	\$0.0285817	per kWh
230kV	\$0.0281375	per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate decrease of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.

Persons with questions or who want more information on this petition may contact Entergy Texas at: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear "Welcome to Entergy" select option 1, then press 5, then press 7) during normal business hours. A complete copy of this petition is available for inspection at the address listed above.

The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

ENTERGY TEXAS, INC.

HOROSCOPES

ARIES – Mar 21/ Apr 20

Remember to be careful what you say about others, Aries. If you're talking about someone who isn't in the vicinity, act as if he or she is there so you always remain respectful.

TAURUS – Apr 21/ May 21

You might need some time alone this week to get yourself centered. Taurus. This is especially true if you have been running yourself ragged and are feeling stressed out.

GEMINI – May 22/ Jun 21

Gemini, do not try to fit into some mold that doesn't represent who you truly are. There's only one person you need to please, and that is yourself.

CANCER – Jun 22/ Jul 22

Issues around you may be a bit heavy, Cancer. Your role is to lighten up the situation with humor and amusement. Your powers of adaptability will be put to the test.

LEO – Jul 23/Aug 23

Leo, if one door will not open for you, don't force it. Simply try another door. Accept that some things are not meant to be and it is time to move on.

VIRGO – Aug 24/ Sept 22

Virgo, your approach to things may get some push back from others. Don't let that stop you from being independent and forging your own path.

LIBRA – Sept 23/ Oct 23

Libra, the old ways of doing things may butt heads with the new, leaving you scratching your head. Go with your gut instinct on this situation this week.

SCORPIO – Oct 24/ Nov 22

Unexpected events can shuffle things when you least expect it. Scorpio. Don't be discouraged; learn how to go with the flow and you can come out on top.

SAGITTARIUS – Nov 23/Dec 21

Sagittarius, your confidence may wane a bit this week. All you need is a pep talk from someone to get you out of a funk. Listen to what this person has to say.

CAPRICORN – Dec 22/Jan 20

Aiming for the latest and greatest may not be the best idea, Capricorn. Material possessions bring you entertainment, but strive for other, more grounding goals.

AQUARIUS – Jan 21/Feb 18

Make sure you are nourishing your whole self in the days to come, Aquarius. This means being in tune with physical and mental well-being.

PISCES – Feb 19/ Mar 20

A nervous restlessness may urge you to act this week, Pisces. You could be excited about something that you just can't pinpoint right now.

NOTICE OF SALE OF REAL PROPERTY

Please take notice that Limestone County, Texas, by and through its Commissioners Court, intends to sell certain real property owned by the County, said property being described as:

The buildings and land commonly known as the Limestone County Detention Center, more specifically described by formal property description as approximately 24 +/- acres (hereinafter "Property") generally containing the Detention Center campus and its operating assets bounded by the existing perimeter road with a long term lease for the existing maintenance shop and sewer and water delivery system.

This sale is made pursuant to Chapter 351, Subchapter F, Chapter 267, Section 272.001 and Section 381.004 of the Texas Local Government Code, all powers implied therefrom, and other law. The sale will be made by a sealed proposal procedure. Persons interested in submitting a proposal to purchase the above-described property may do so by sending a sealed proposal to Limestone County, Attention: County Judge, Limestone County Courthouse, 200 W. State Street, Suite 101, Groesbeck, Texas 76642. Sealed proposals will only be received until 10:00 a.m. on Tuesday, October 6, 2020. Proposals will be opened at the County Commissioners Court meeting held on that same date. The proposal must be submitted on the County's proposal form, a copy of which may be obtained from the County Judge's office. The envelope in which the proposal is sealed must be clearly marked on the outside with information identifying the matter on which the proposal is submitted. The proposal must both set forth the price proposed for the purchase of the property and how the respondent intends to comply with any restrictions, limitations or conditions placed on the conveyance by the Commissioners Court. The Minimum Proposal Price is \$4,200,000.00.

Subject to the commitment of the successful respondent to comply with the restrictions, conditions and/or limitations set forth below, the County is offering an economic development grant of up to \$450,000.00 towards the purchase price of the property, to be provided by application of a credit against the price proposed at closing. The grant will be provided to the successful respondent upon the execution of a Program Project Agreement. The price proposed must be at least the Minimum Proposal Price, and should be without deduction for the grant, but may be conditioned in the proposal upon the proposer receiving the grant.

The sale of the property is subject to the following restrictions, conditions and/or limitations:

- the Proposer must operate the Property as a detention correctional center for Five (5) consecutive years after being conveyed the Property;
- the Proposer must be responsible for all deferred maintenance and repairs necessary for the Property to be properly operated as a detention correctional center;
- the Proposer must create or retain at least on an annual average basis 100 corrections-related, full-time jobs paid at the federal wage rate set by the Department of Labor for such jobs and providing benefits as mandated from time to time by the Department of Labor;
- the Proposer must maintain the agreed level of employment for Five (5) years after being conveyed the Property, subject to any abatement periods extensions provided for in the Program Project Agreement;
- the Proposer must enter into a Program Project Agreement with the County under the County's Economic Development Program which addresses the Grant, the Purchase Price Differential due to the Grant between the price to be paid and the Minimum Proposal Price, and provides for pro-rata or total recovery of the Purchase Price Differential from the Proposer for the Proposer's partial or complete failure to meet the foregoing economic development standards. A lien on the Property will be required to secure performance that will be released at the end of the term of the Agreement should the Proposer not be in default or, alternatively, if the Proposer has paid all sums due under the Agreement for its defaults. The Agreement must be on terms acceptable to the County and its legal counsel. A copy of the general format of the Agreement is available for review by interested potential proposers upon request;
- the Proposer must enter into an Operation and Management and License Agreement for the Property with the County which provides for the Proposer to house, care for and supervise inmates from other jurisdictions pursuant to contracts for prisoner housing between the County and those other jurisdictions. The Agreement will provide for the Proposer to be paid the payments received from the sending jurisdictions less a per inmate, per day administrative fee of at least \$1.50 per inmate per day to be paid to the County. The Proposer will be responsible for all costs of the operations, including payment of property taxes. The Agreement must be on terms acceptable to the County and its legal counsel. A copy of the general format of the Agreement is available for review by interested potential proposers upon request.

The Commissioners Court may reject any and all offers submitted. No representation is made as to the suitability of the property for any particular purpose or the buyers intended purpose, and the property will be purchased "as-is" and "with all faults". All closing costs shall be paid by the buyer.

AFFIDAVIT OF CATHY TREADAWAY

STATE OF TEXAS

ssss

BEFORE THE PUBLIC UTILITY

COUNTY OF TRAVIS

OF TEXAS

BEFORE ME, the undersigned authority, on this day did personally appear Cathy Treadaway, who, having been placed under oath by me, did depose as follows:

1. "My name is Cathy Treadaway. I am an Administrative Assistant III in the Austin Office of Entergy Texas, Inc. located at 919 Congress Ave., Suite 701, Austin, TX 78701. I am of sound mind, over the age of 18, capable of making this affidavit, and personally acquainted with the facts stated herein."
2. "On August 19, 2020, I caused notice of Docket No. 51196, *Application of Entergy Texas, Inc. to Revise Fixed Fuel Factor (Schedule FF) in Compliance with Order in Docket No. 32915* to be served by email on representatives of the parties to Entergy Texas, Inc.'s last fuel reconciliation proceeding, Docket No. 46076, including Commission Staff, Cities, the Office of Public Utility Counsel, and Texas Industrial Energy Consumers.

Cathy Treadaway

SUBSCRIBED AND SWORN TO BEFORE ME by the said Cathy Treadaway on this
22nd day of September 2020.

Karla S Hall
Notary Public in and for the State of Texas
