RE: Order #3

concurrence of Tariffs for the year 2020

As I was in the hospital for the year 2019 and was not able to apply for the 2019 rates to be applied as a 2020 rate increase.

I am asking the PUC to apply the September 2020 rate application be applied to be put into effect January 3rd, 2021.

Thank you very much
