RE: Tariff Control No. 51358: Application of SWWC Utilities, Inc. dba Hornsby Bend Utility Company for a Pass-Through Rate Change

To the Commission:

In the Commission Staff's Supplemental Recommendation on the Application and Notice dated December 7, 2020, the Staff recommended approval of the application and proposed pass-through rate contingent on reissue of notice, and recommended the Applicant be ordered to reissue notice and submit proof of notice in this docket after approval of the application.

On December 14, 2020 the Administrative Law Judge in this Docket issued the Notice Finding Application Insufficient and ordered the applicant to re-issue notice and submit proof of notice in this docket after approval of the application.

The notice has been reissued and a copy of a representative bill with the notice is attached.

Please let me know if any additional information is required at this time. Once the application has been approved, Hornsby Bend will submit additional proof as needed that the notice has been provided.

Sincerely,

/s/ George Freitag

IMPORTANT CHANGES TO YOUR BILL

Dear Valued Customer:

The cost of purchased water to SWWC Utilities, Inc. dba Hornsby Bend Utility Company, Inc. from our supplier increased by 3% effective July 1, 2020. Based on the current usage rates, annual true-up, and other considerations, we will be implementing a pass-through **increase** on your monthly bill effective on the first meter reading after October 1, 2020. We are only passing through the cost changes incurred by us.

The current monthly usage charge on your bill is calculated as:

Gallonage		Gallonage Rates
All usage	x	\$7.18 per 1000 gallons
Pass Through Fee Applied to Gallonage Charge (all use)	x	\$0.19 per 1000 gallons

After the effective date, the new monthly charge will be calculated as:

Gallonage		Gallonage Rates
All usage	x	\$7.18 per 1000 gallons
Pass Through Fee Applied to Gallonage Charge (all use)	x	\$0.23 per 1000 gallons

Monthly minimum charges and other customer service charges will not change.

This tariff change is being implemented in accordance with the minor tariff changes allowed by 16 Texas Administrative Code §24.25. The cost to you as a result of this change will not exceed the costs charged to your utility.
