**ORDER NO. 4
GRANTING EXTENSION AND REVISING DEADLINES**

This Order addresses Commission Staff's December 15, 2020, request to extend the deadlines to file comments regarding Munson Point Property Owner's Associations' application and proposed notice, and address clarifications for continued processing. Commission Staff states that it is continuing to work with the representative for Munson Point, who has indicated that it intends to file an amended application, along with revised notices for the base rate change and pass-through rate. Commission Staff represents that Munson Point is not opposed to the request for extension.

The administrative law judge grants Commission Staff's request for extension. By January 14, 2020, Commission Staff must file comments on the administrative completeness of the application and proposed notice. Additionally, Commission Staff must file clarifications regarding processing. Specifically, it is unclear whether (1) this application contains more than a single application; (2) severance may be appropriate; and (3) de-docketing as to the requested pass through is appropriate.
