**NORTH BOSQUE WATER SUPPLY CORPORATION'S
RESPONSE TO
COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION
TO NORTH BOSQUE WATER SUPPLY CORPORATION
QUESTION NO. STAFF 1-1**

Staff 1-1 How does North Bosque intend on addressing the city of Waco's Certificate of Convenience and Necessity in their application?

RESPONSE: North Bosque intends to reach an agreement with the City of Waco and East Crawford Water Supply Corporation ("East Crawford") concerning dual certification within the areas in which North Bosque's expanded CCN overlaps with the City of Waco's CCN, if such an agreement can be reached. Such an agreement seems reasonable given that the City of Waco does not have water facilities located near and is not capable of providing water service to applicants for service in such portions of its CCN and given that North Bosque and East Crawford are capable of providing water services to such applicants for service. If such an agreement cannot be reached timely between the parties, then North Bosque will consider and possibly pursue other available means of providing water service to such affected areas.

The forgoing Responses are based on information known to North Bosque at this time. North Bosque will supplement these Responses as required if North Bosque becomes aware of additional responsive information.
