**ORDER NO. 20
ABATING PROCEEDING**

This Order addresses East Crawford Water Supply Corporation and North Bosque Water Supply Corporation's September 12, 2022 request for extension to cure the deficiencies of the application. The applicants state additional time is needed to complete supplemental mapping and pursue a dual certification agreement or consent to serve from the City of Waco.

Rather than granting an extension request, the administrative law judge abates this proceeding. Beginning on October 14, 2022, and every 90 days thereafter, the applicants must file a report on the status of this proceeding until the abatement is lifted. The applicants are free to file a motion to lift the abatement at any time.

Signed at Austin, Texas the 13th day of September 2022.
