To whom it may concern,

Dos Aguas LLC Docket# 51407 have our first water plant up and running and our second plant is under construction. We have numerous houses being built as we speak. Dos Aguas LLC has a major need for water service. We are steadily getting more customer requests for service daily. We desperately need to be added to the next open meeting agenda to allow us to serve our customers. We would greatly appreciate help in getting placed on the next open meeting by February 1, 2022.

Thank you,

Scott Rohe

A handwritten signature in black ink, appearing to read "Scott Rohe", written in a cursive style.
