Regarding: Docket No. 51488 – Old Highway 90 Water Service

With this filing, Old Highway 90 Water Service is requesting a waiver of the requirements under 16 Texas administrative code 24.235(b)(4) requiring affidavits of Notice to Current Customers, Landowners, Neighboring Utilities, and Affected Parties to be filed within 30 days of delivery as Order No. 8 establishes that Old Highway 90 Water Service's deadline to submit affidavits to Public Utility Commission is June 29, 2021. Old Highway 90 Water Service filed the required affidavits under Docket No. 51488 on June 22, 2021, one week prior to the established deadline. Therefore, the affidavits were filed in a timely manner in accordance with the deadline set by Public Utility Commission in Order No. 8.

Old Highway 90 Water Service would also like to note that Notice to Current Customers, Landowners, Neighboring Utilities, and Affected Parties was sent to Yancey WSC on May 19, 2021. The deadline to intervene was set by the Public Utility Commission to be 30 days from the date that notice was provided, meaning that with notice having been provided on May 19, 2021, the deadline to intervene was June 18, 2021. Yancey WSC did not file a motion to intervene until June 21, 2021. Old Highway 90 Water Service did not file an objection to this motion as it was our understanding that a motion to intervene must be filed within 30 days from the date notice was provided, therefore we did not believe the motion would be approved. Old Highway 90 Water Service would like to formally object the motion to intervene as, according to our calculations, the motion was filed to Public Utility Commission after the 30-day deadline.

Thank you,
