PUBLIC UTILITY COMMISSION
OF TEXAS

**ORDER NO. 2
FINDING APPLICATION INCOMPLETE AND ESTABLISHING
OPPORTUNITY TO CURE; AND SUSPENDING EFFECTIVE DATE**

This Order addresses the December 31, 2020 application by RJR Water Company, Inc. for a Class C rate/tariff change. On February 1, 2021, Commission Staff filed a recommendation on administrative completeness of the application and notice.

The Commission finds the application incomplete and deficient. The Commission does not consider an application filed until it makes a determination that the application is administratively complete. Thus, at this time the application is not considered filed with the Commission.

On or before March 1, 2021, RJR Water must amend its application, include a proposed notice, and provide all the information required in the memorandums of Jorge Ordonez, Spencer English, and Roshan Pokhrel, filed on February 1, 2021, and provide the information requested by Order No. 1. Until the Commission receives and reviews the supplemental information, the application cannot proceed. RJR Water may not issue notice until the application is administratively complete.

On or before April 1, 2021, Commission Staff must file a supplemental recommendation regarding administrative completeness, along with a proposed procedural schedule, if appropriate.

Under Texas Water Code § 13.1871(e) and Texas Administrative Code § 24.1(b), the effective date of the proposed rate change is suspended until a properly completed application is accepted.

Signed at Austin, Texas the 3 day of February 2021.
