RE: February 26, 2021 Open Meeting – Item No. 7
Docket No. 51492 – *Petition of Denton 114 LP to Amend Aqua Texas, Inc.'s Certificate of Convenience and Necessity in Denton County by Expedited Release*

I recommend that the Commission make the following changes to the proposed order in this proceeding.

Finding of fact 21 should be modified for clarity and accuracy.

21. ~~The CCN holder owns and operates its~~ Shale Creek public water system, which the CCN holder owns and operates, that is located approximately one to two miles a
~~considerable distance to the west of the tract of land.~~

Also, the Commission should delegate to the Office of Policy and Docket Management staff the authority to modify the order to conform to the *Citation and Style Guide for the Public Utility Commission of Texas* and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.

I look forward to discussing this matter with you at the open meeting.
