Re: Docket 51578 – Application of Monarch Utilities I L.P. to Amend Its Sewer Certificate of Convenience and Necessity in Chambers County

To the Commission:

Order No.8 issued in this Docket on July 7, 2021 addressed the sufficiency of the notice documents provided by Monarch Utilities I L.P. on June 14, 2021. It requires Monarch to file by July 20, 2021 an explanation or proof of the inactive status of Chambers County Municipal Utility Districts 2 and 3 and clarification regarding “No GCDs.”

Attached as explanation and proof are the following documents:

1. A copy of the Texas Commission on Environmental Quality’s (TCEQ) District Information Report for Chambers County MUD 2. The report shows the district to be dormant and no mailing address is provided. The link to the Officials and Consultants did not provide any additional addresses or contacts.
2. A copy of the TCEQ’s District Information Report for Chambers County MUD 3. The report shows the district to be dormant and no mailing address is provided. The activity status shows it to be “Active”, but the link to the Officials and Consultants did not provide any additional addresses or contacts.
3. “GCDs” refer to Groundwater Conservation Districts. This application is to amend a wastewater service area only, and typically wastewater facilities or operations are not under the jurisdiction of a GCD. Additionally, a copy of the Texas Water Development Board’s map of Groundwater Conservation Districts in Texas shows there is no active GCD for Chambers County.

I hope these documents are adequate explanations and will allow this application to continue to be processed in a timely manner. Please contact me if any additional information is required at this time.

Sincerely,

/s/ George Freitag
