Re: Docket 51578– Application of Monarch Utilities I L.P. to Amend its Certificate of Convenience
and Necessity in Chambers County

To the Commission:

Order No. 15 in this docket established April 25 as the deadline for Commission Staff to provide tariffs to Monarch for review and consent and May 9 as the deadline for Monarch to file consent forms. Staff did not meet its deadline, so Monarch filed a letter to the ALJ requesting action. Order No. 16 established May 27 as the new deadline for Commission Staff to provide tariffs for review and consent and June 3 as the deadline for Monarch to file consent forms. As of the date of this filing, Monarch has still not received a tariff for review; therefore, Monarch is unable to meet its ordered deadline to file consents.

In order to keep the processing of this application moving in a timely manner, Monarch requests the most recent approved version of its wastewater tariffs be used and updated for issuance in this docket. A suggested red-lined version of the tariff has been submitted previously.

Please contact me if any questions or if additional information is required at this time.
