METHOD USED TO OFFSET CHARGES FOR COMMON AREAS Check one line only.									
Not applicable, because Bills are based on the tenant's actual submetered consumption									
There are <u>neither</u> common areas <u>nor</u> an installed irrigation system									
All common areas and the irrigation system(s) are metered or submetered:									
We deduct the actual utility charges for water and wastewater to these areas then allocate the remaining charges among									
our tenants. This property has an installed irrigation system that is <u>not</u> separately metered or submetered:									
We deduct percent (we deduct at least 25 percent) of the utility's total charges for water and wastewater									
consumption, then allocate the remaining charges among our tenants.									
This property has an installed irrigation system(s) that <u>is/are</u> separately metered or submetered:									
We deduct the actual utility charges associated with the irrigation system(s), then deduct at least 5 percent of the utility's									
total charges for water and wastewater consumption, then allocate the remaining charges among our tenants.									
X This property does not have an installed irrigation system:									
We deduct at least 5 percent of the retail public utility's total charges for water and wastewater consumption, and then									
allocate the remaining charges among our tenants.
