**ORDER NO. 3
GRANTING EXTENSION, ESTABLISHING AN OPPORTUNITY
TO CURE AND REVISING DEADLINES**

This Order addresses the February 22, 2021 request by Waters of Vista Ranch Water Supply Corporation and Aqua Water Supply Corporation (collectively, applicants) to extend the deadlines to cure application deficiencies and for Commission Staff to file a supplemental recommendation regarding application sufficiency. The applicants state that additional time is needed due to the severe winter weather and for which a disaster declaration was issued by the Governor. The applicants represent that Commission Staff is not opposed to the request.

The administrative law judge grants the request for extension.

On or before March 2, 2021, the applicants must supplement the application to cure the deficiencies as described in the January 21, 2021 memorandum of Jolie Mathis. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicants must not issue notice until the application is deemed administratively complete.

On or before April 1, 2021, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 23rd day of February 2021.
