Re: Docket No. 51660 - Application of Pampa Investment Group, LP For a Sewer Certificate of Convenience and Necessity (CCN) in Bell County

The Applicant is submitting the attached mapping information to amend the sewer service area requested in its CCN application. In addition, the Applicant is requesting that the deadlines, directed in Order No. 2, for noticing requirements be suspended until the Commission staff has an opportunity to review this amendment to the requested service area and a revised notice can be issued. While this amended service area will not require any additional noticing of affected parties, it will require revising of the notice to adjust the written description of the service area being requested.

Should you have any further questions concerning this application, please do not hesitate to contact me at (512) 917-7541.

Sincerely,

Bret W. Fenner, P.E.
