PUBLIC UTILITY COMMISSION
OF TEXAS CLERK

REQUEST TO END EXCEPTIONS TO ELECTRIC RULES

COMES NOW, Young Energy, LLC and requests that the Commission restore balance in the marketplace and end the current exceptions to certain Electric Rules.

On February 21, 2021, the Commission issued an “Order Directing Certain Actions and Granting Exceptions to Certain Rules.” In that Order, the Commission granted exceptions to the following Electric Rules: 16 TAC § 25.480(c), 16 TAC § 25.483(c), 16 TAC § 25.214(d), and Sections 6.1.2.1, 6.1.3.1, and 6.1.4.1 of the Tariff for Retail Delivery Service. These rules and provisions relate generally to the billing and collections activities for Retail Electric Providers.

At their open meeting of March 3rd, the Commissioners agreed that REPs should be encouraged to resume their normal billing activities. However, without an end to the exceptions to the Electric Rules implemented by the Order of February 21, REPs cannot resume those normal billing and collection activities.

WHEREFORE, PREMISES CONSIDERED, Young Energy, LLC requests that the Commission immediately end the exceptions to its Electric Rules which were imposed on February 21, 2021, and provide such other and further relief as may be appropriate and necessary.

Very truly yours,

Mark Foster
