It appears that ERCOT is planning to charge " ancillary costs" to my electric provider.

These costs will obviously be passed on to me through my electric bill.

THESE PEOPLE JUST TRIED TO KILL ME!!!!

Why are they allowed to charge me for the privilege?????

They need to pay for this through their contingency fund which they have been building over the years of fees.

They have a contingency fund, right?

THESE PEOPLE JUST TRIED TO KILL ME!!!!

Please don't make me have to pay them!

Steve Vreeland
