Dear Commission:

Please see attached amended filing for the North Region Regional Pass-Through Gallonage Charge ("RPTGC") True-up Report for the completed 2020 calendar year comprised of the attached documents ("True-up Report").

The column headings for the 2020 Regional Pass-Through Costs, the 2020 Revenue Billed, the 2020 Billed Gallons, and 2020 Production are incorrect. The column headings originally read January 2020 for each month and should have read January 2020 through December 2020. The report has been corrected to reflect this change.

Sincerely,

February 26, 2021

Dear Aqua Texas Customer:

Aqua Texas (Aqua) hereby notifies you that it is implementing a Regional Pass-Through Gallonage Charge (RPTGC) of \$0.4224 per 1,000 gallons effective March 1, 2021 for water utility bills rendered on or after that date (a \$0.0473 per 1,000 gallons increase). This tariff change is being implemented in accordance with Aqua's approved RPTGC Adjustment provision in its "Water Utility Tariff for North Region". The City of Stockton Bend (f/k/a Brazos Bend) ("City") has also authorized RPTGC changes for in-City water service under the same provision.

This tariff revision is to recognize changes in North Region water use pumping fees charged by groundwater conservation districts and costs of purchased water ("pass-through costs"). The pass-through costs charged to customers using Aqua's RPTGC will not exceed the changed North Region pass-through costs. Calculations are set forth on the reverse side of this letter showing the basis for the present RPTGC and the new RPTGC, including the change in North Region water pass-through costs.

Aqua's RPTGC adjustments are considered informal proceedings designed to reduce the frequency of full Aqua rate cases. However, PUC staff will review Aqua's calculations and direct any appropriate RPTGC revisions within a 45-day period. Otherwise, \$0.4224 per 1,000 gallons will remain the North Region water RPTGC until further notice.

This tariff change is being implemented in accordance with the minor tariff changes allowed by 16 Texas Administrative Code §24.25. The cost to you as a result of this change will not exceed the costs charged to your utility.

Please call Aqua at 877.WTR AQUA (877.987.2782) if you have any questions about this RPTGC change.

Sincerely,
