Re: Nonsubmetered Utility Service Registration, Registration No. S0030

Dear Mr. Fisher:

Enclosed is a copy of your Registration form with changes noted per your call to me on December 21st. Please use your Registration No. **S0030** in future correspondence with the TNRCC (Texas Natural Resource Conservation Commission, formerly the Texas Water Commission). I apologize for the delay in providing you with a written response.

As we discussed previously, your utility charge allocation method (as described on your Registration and attachments) has been approved. Please review the following comments and suggested revisions on your *Water and Wastewater Charge Allocation Addendum*.

References to the *Texas Water Commission* should now reference the *Texas Natural Resource Conservation Commission*.

Under TNRCC rules, a late payment can be assessed if a bill is not paid within **seven** (rather than fourteen) days; and, before service can be disconnected for nonpayment, a termination notice must be sent five days before the service disconnection is scheduled. You may want to revise your *Addendum* to reflect these rules.

You may also want to add a statement that a complete copy of the TNRCC's rules regarding nonsubmetered utility service is available for review by residents.

Thank you for taking the time to register with TNRCC and to keep our records up to date. If you have any questions, or suggestions, regarding our rules; please call me at 239-6112.

Sincerely,

A handwritten signature in dark ink, appearing to read "Kate Wilkins".
